## **OFFICIANT**

The wedding minister or officiant is crucial for your big day. Though not as memorable as the gown, the flowers, or the reception, the officiant is necessary for the wedding ceremony to be legal.

My philosophy is that the wedding is your wedding. Therefore, the ceremony is tailored to your wishes--religious to secular, or anywhere in-between. With over 35 years ministerial experience and more than a decade of experience as a college instructor, I can help create a ceremony that is both personal and professional.

## PHOTOGRAPHY

After years of photographing weddings and being a bride myself, I know one thing to be true - it all goes by SO FAST! That's why my goal as your wedding photographer is to not only capture candid and natural photos that will make those memories last a lifetime, but also create a fun and easy experience from start to finish.

Let's have fun, laugh, cry, bust a move together on the dance floor. Whatever you need- I'm here for it. And then some.

## PHOTOGRAPHY

I laugh A LOT- it is a beast that will never be tamed! I am addicted to dance fitness but I am also addicted to Chick-fil-A ! I am attracted to genuine and heartfelt people!

When I come to the end of my days, I want to look at pictures and remember how I felt about all of my loved ones, not just what they looked like!
