# YOUR WEDDING STORY

BY MAINE CAPTURES

*Timeless. Emotional.  
Authentically Yours.*

Your wedding day is more than a series of moments — it's a story.

From the quiet anticipation of getting ready to the joy of celebrating together, I document your wedding day as it naturally unfolds. I focus on real emotions, meaningful details, and the energy of the day — so you can relive it for years to come.

My approach is documentary at heart. I don't believe in constant posing or directing. Instead, I create space for you to be yourselves. During certain moments, such as the couple shoot, I offer gentle guidance — always with the goal of capturing what feels natural and authentic to you.

That's why connecting before the wedding is so important to me. When you feel comfortable, everything flows — and your story can unfold honestly.

I CAN'T WAIT TO TELL  
YOUR STORY.

# *How I work*

A CALM, DOCUMENTARY APPROACH

On your wedding day, I work quietly and intentionally. I observe, anticipate moments, and focus on storytelling through visuals and meaningful audio.

You don't need to perform or worry about the camera — my role is to capture your day as it truly happens, while gently guiding you when needed so you can feel at ease.

Your job is to enjoy your day.  
Mine is to preserve it.

# Wedding Films

Every wedding film I create is unique — shaped by the people, the atmosphere, and the story of the day.

Below you'll find a selection of wedding films that reflect my documentary approach, my use of natural audio, and the way I tell a wedding story as it truly unfolds.
