CHOOSE WHICH  
WOMAN YOU WANT  
TO BE TODAY. IF  
SOMEONE IS NOT  
READY FOR YOU,  
THAT'S THEIR  
PROBLEM!

# EDITOR'S NOTE

Let's be real. What life springs at us is no different from the weather; both unpredictable! Years ago, I learned that although life transitions are normal, they can put a damper on your personal style. This inspired me to provide services and programs for women who wish to get their image and style back in check! After all, life is way too short to walk around feeling like anything less than a queen!

With sunny days ahead, flowers are starting to bloom, and guess what? It's time for your style to blossom too! Treat these upcoming months as a new beginning motivating you to update your wardrobe and conquer your iconic look... with a little help, of course. Step 1 is simple: study the pages of the Polished SS18 Trend Mag and turning heads while you're walking down the street will soon follow!
