Thank you for shopping local

When you purchase from the gallery store, you're not just ordering products... you're supporting our families and our mission. Through our small business, we strive to fulfill the purpose God created us for:

*To show each person just how fearfully & wonderfully made.
To capture the beautiful phases of life that can't be recreated.*

We lost the most important person in our lives, our mother, sooner than expected. It placed a burning passion in our hearts to never miss a moment. We know how those memories will be more than just a moment frozen in time; it can bring back to life someone's personality and their joy. Legacies literally live on through photographs.

Your support helps us reach as many people as we can to further the mission Jesus set before us. And part of that mission includes giving our kiddos a bright future full of possibilities.
