WEDDING DAY DETAILS CHECKLIST

AURELIA ALLEN PHOTOGRAPHY

IT'S ALL IN THE DETAILS

Chances are that you have put a lot of effort into picking out every little detail of your wedding day. From the shoes to the jewellery and flowers, all these details tell a piece of your love story! The beginning of the wedding day is the perfect time for me to capture all your pretty details before your portraits and ceremony. Have these items gathered together ahead of time and ready for when I arrive, this ensures that everything is documented without running around in the morning to look for something!

Place all these items in a box or in one corner of your suite for my arrival. I can then come and say hello to you and get straight on with shooting your fabulous day!

STYLING ITEMS

I carry ribbon, little dishes, styling boards and various styling items but if there are particular items to give a cohesive look throughout your day be sure to add these and let me know.

THE MRS BOX

Want to display your ring in a gorgeous luxury velvet box that will also serve as an heirloom for future generations? Consider investing in a MRS box for your ring at www.themrsbox.com

LOOSE FLORALS

Loose flowers and greenery make such a beautiful addition to detail photos. Consider asking your florist to send any leftover flowers from creating your bouquets with your flower delivery!

CUSTOM HANGER

I have a beautiful vintage dress hanger in my styling kit but don't forget to add this to your list if you have purchased a custom hanger.

A close-up, soft-focus photograph of a bouquet of roses. The roses are in shades of light pink and white, with green leaves visible at the bottom. The bouquet is the central focus of the image, with a semi-transparent white box overlaid on it containing text.

TIP ONE

Have the bouquets and boutonnieres delivered to the location where you will be getting ready 30 minutes before I am scheduled to arrive to ensure they are ready to be captured when I get there.

TIP TWO

Have an extra copy of your wedding invitation suite made for me to photograph. this makes a lovely image for the opening of your wedding album as it tells the details of your day

TIP THREE

Have all your rings (engagement & wedding) included with your details so I can photograph them all together! Don't worry if you are not getting ready at your venue, I can take your rings from you when you go for your wedding breakfast and photograph them whilst you eat.

Finally...

Be sure to let me know if your partner has given you a letter/card/gift to open before you leave for the ceremony. It is lovely to capture some natural candid moments of you opening and reading this romantic gesture.
