

Hi, I'm Alicia! Your purchase means the world to me, so thanks for supporting my small business. Don't hesitate to reach out if you have any questions and feel free to tag @thealiciabruce -I'd love to see what you create!

Alicia

## LICENSE INFORMATION:

This design is the copyright of Alicia Bruce and includes a limited commercial use license.

You MAY:

- Create and sell physical products made with a laser or cutting machine (small businesses only)
- Use the included photo or mockup for marketing anywhere except for on Etsy

You MAY NOT:

- Sell, giveaway, or otherwise distribute these files or elements from them
- Use the included photo in any Etsy listings (that would get confusing!)
- Upload these files or elements from them to POD sites

## RECOMMENDED MATERIALS:

WOOD:

- 1/8" baltic birch plywood from Laser Wood Supply
- 1/4" maple plywood from Columbia Forest Products
- Smoky Hills for a variety of wood types

ACRYLIC:

- CMs Acrylic for clear and basic colors
- Houston Acrylic for a variety of colors

GLUE: Superglue or wood glue if layering materials together

## LASER PRINTING:

COLOR KEY:

- Black = cut, Pink or Yellow = engrave, Teal = score
- Use the laser settings specific to your material

TROUBLESHOOTING:

- File getting resized? If using Lightburn, make sure your file import settings are set to 72DPI before uploading the file. For all other programs either create a PDF version of the file, or manually change it back to the correct size. The exact product measurements are in the listing description, check there and make sure the file is showing up the same size in your program before printing.
