WHAT TO EXPECT

Incredible customer service, detailed communication, and bomb photos!

HI THERE, I'M

heather boren

Hello! I'm thrilled to be your new best friend during this exciting chapter of your life! My mission is to capture the little details that make you uniquely you and document this pivotal point in your life! I want to ensure that you and your family can cherish these memories for years.

I specialize in outdoor photography that embraces natural light. I don't vibe with the awkward poses. Instead, I want to curate an aesthetic that embodies you and showcase your most authentic self.

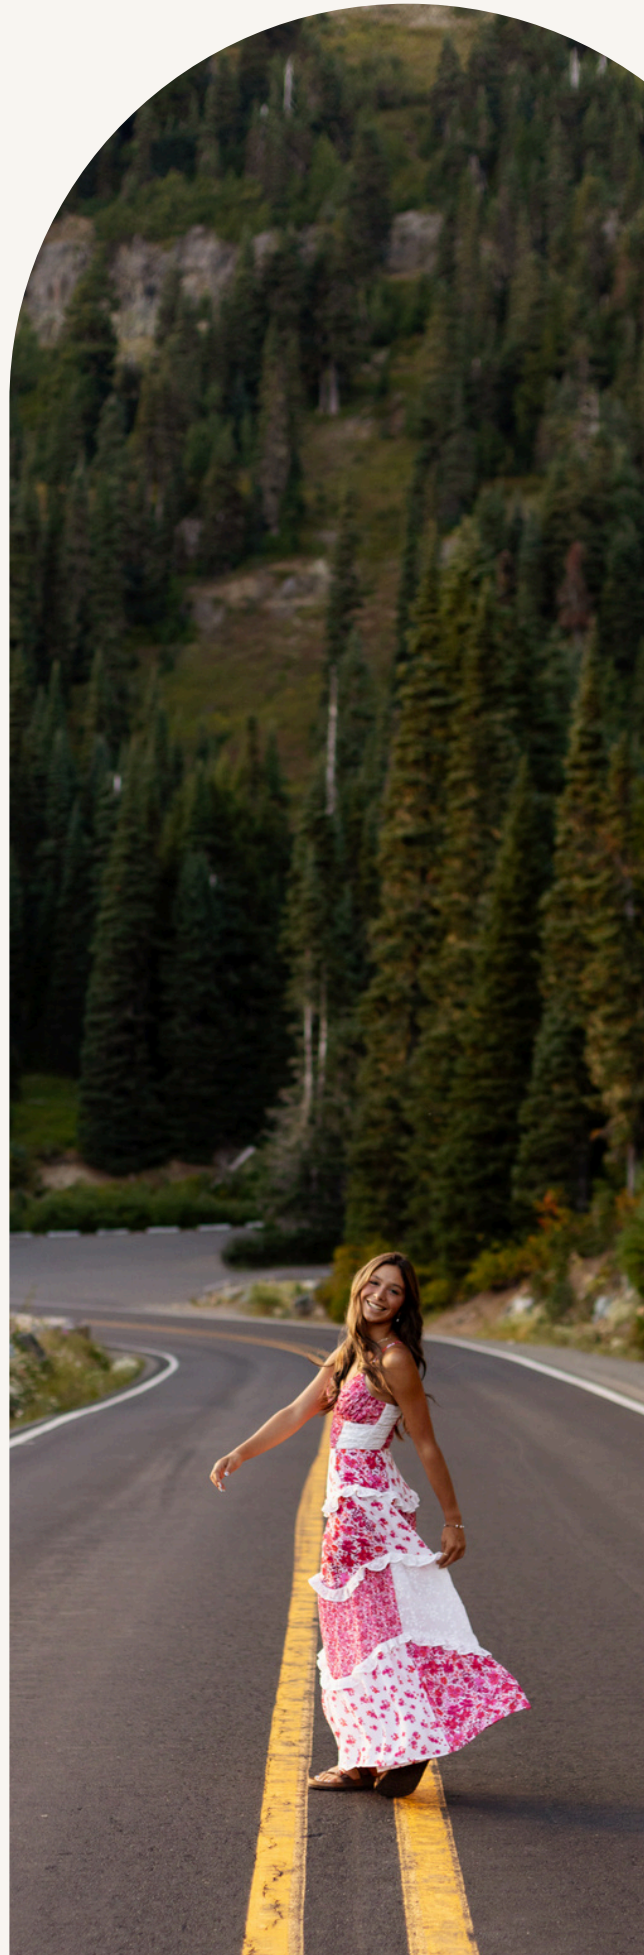

WHAT TO EXPECT

Getting your photos taken can be overwhelming and a little bit scary. But it doesn't HAVE to be. You will be guided and supported throughout your entire session. You do not need to know how to pose or what to do. I've got that handled! Your job is to have fun and feel incredible!

This time in your life is a huge milestone, and I want you to look back and LOVE your high-quality, professional photos- not cringe at them. Let's make magic!

HERE'S HOW IT WORKS:

- // RESERVE YOUR DATE
- // PLAN OUT THE VIBE
- // PHOTO SESSION DATE
- // GALLERY DELIVERY

LET'S CAPTURE
YOUR VIBE

RESERVE DAZE

STEP ONE

PRO TIP:

We will shoot on a weekday when it's less crowded! This helps with anxiety in front of the camera and we don't need to fight for the perfect spot to take photos.

Once I confirm that the date is available and the session retainer has been paid, you will be officially booked on my calendar. From there, we can begin the planning process for your session.

I will provide you with a link to the HBP app to help you prepare. It includes tons of valuable information, including the Beauty Prep Guide, What to Wear Guide, Posing 101, and more. This information is a labor of love and a compilation of my more than 16 years as a photographer.

PLAN & SHOOT

STEP TWO

PRO TIP:

I will always encourage my seniors to do something that feels right for YOU. This is your time to shine, so follow your heart and pick a vibe that's true to you.

This is the most fun portion of the process. This is the planning and shooting process where we bounce ideas off each other and bring your vision to life!

We will discuss your vision with the color schemes, outfits, and props you'd like to incorporate into your session. I am always here to give ideas and inspiration (even though I know you have it in you!)

Plan for an evening session. This time of day provides the absolute best lighting! Please be flexible on the day of your session if we need to adjust the time for the weather.

GALLERY DELIVERY

STEP THREE

PRO TIP:

You will be able to highlight your best photos within the gallery to make your life easier when you need to come back and finalize your favorite images!

The shoot has been completed, and it's time for gallery delivery day! WOOOHOOOO! You will receive the link to view your online gallery within one week of your photo session.

You will have 9 months to view, download your images, share them with your friends and family, and place any additional orders.

QUICK TIPS ON WHAT TO WEAR

STICK WITH NEUTRALS

Neutrals and solids tend to photograph better than neon colors and loud patterns. I always suggest sticking with simple & elevated outfits.

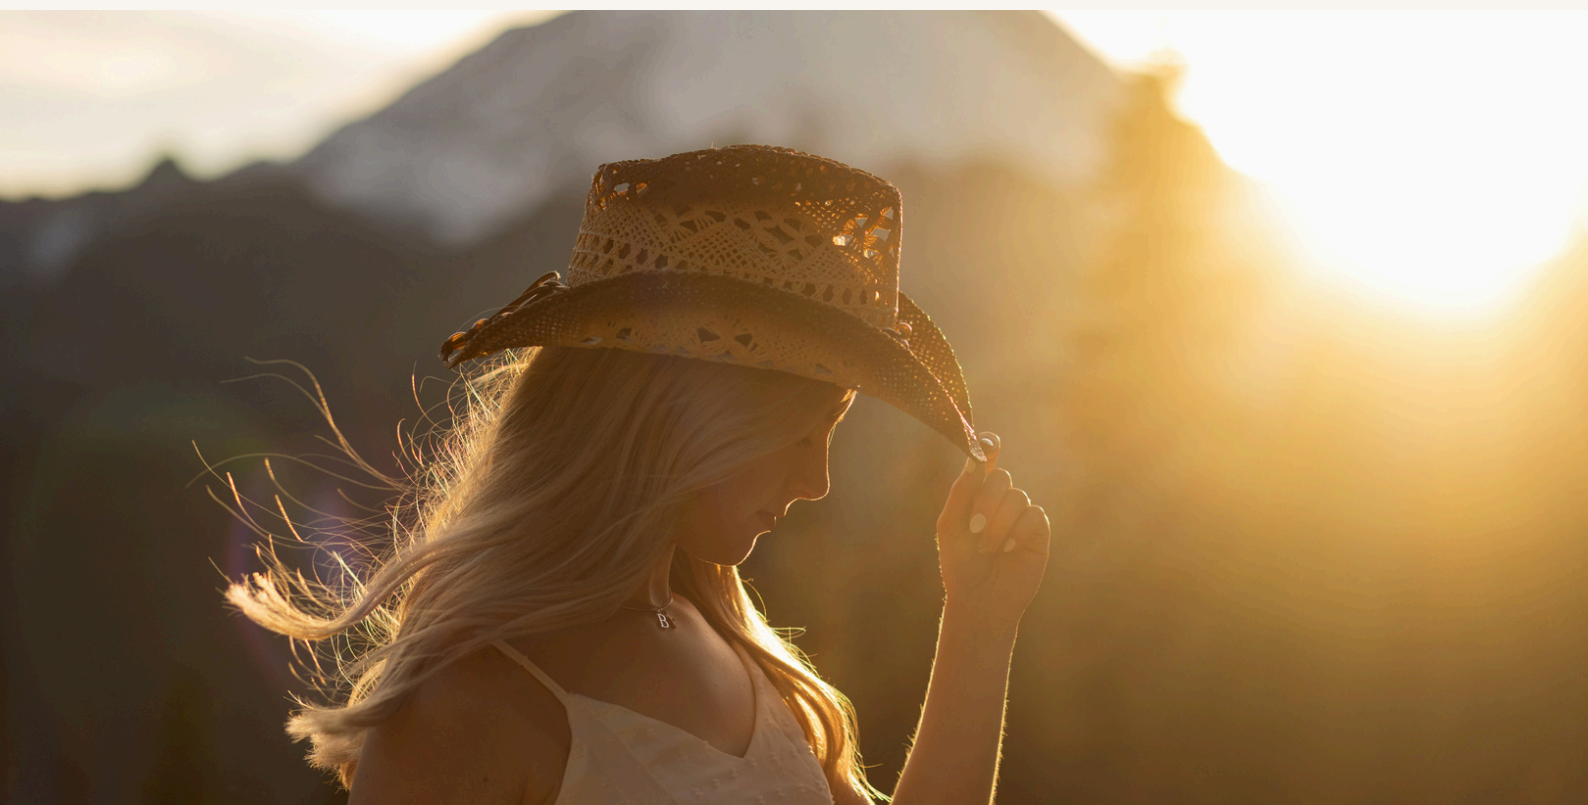

BRING PROPS

Add a little bit of spice with some fun props! This can include anything from a fun hat, to your pets, to a cool car. The options are endless!

STAY TRUE TO YOU

Don't do anything over-the-top crazy. While getting out of your comfort zone is essential, try to not follow trends just because they're trendy.
