LET THE GOOD TIMES ROLL

We are always ready for the hilarious, the unexpected and the spontaneous!

Whether you invited your old college roommate and he started the wave, or your best friend's husband spilled his drink all down her back- we are there! And you know what, maybe the groomsmen should get a chance to catch that bouquet! Funny and memorable moments are sprinkled all over weddings and we love being there to help you remember them!

Why do an engagement session you ask? Most people aren't super excited about being in front of a camera. A shoot is a fantastic way to get the nerves out before your wedding day. You can have fun, get used to the camera (and us) and get some awesome pictures of this fleeting time in your life!

THE BEAUTY IN THE DETAILS

What amazing tid-bits can make your day uniquely your own?

So many details are special about your day and they are all there for a reason. We are there to make sure nothing is forgotten. We know all the love that went into it all!

A WEDDING DAY PHOTO TIMELINE

We know you need a timeline, and we're here for it! A timeline can be very helpful! Whether it's super strict and to the minute or very relaxed and "lets just see what happens", here is a general idea of how a wedding day typically goes!

🕒 3 hours before your ceremony

We arrive to photograph tgetting ready. Finishing up your hair, putting on your dress and your final touches. During that time Grayson pops over to the men to photograph them finishing up getting dressed!

🕒 2 hours before your ceremony

Now on to the "first look"! We will take you to a beautiful location, with perfect light, where one of you will walk up behind the other and turn around to see each other all ready to get married. Tears will fall and the nerves will vanish!

🕒 1 hour before your ceremony

When we finish up shots of just two of you and photograph your bridal party, followed by your family. Each group will take about 15-20 minutes. Heather will photograph the ladies, while Grayson shoots the men. Then you'll all be in a few photos as one big, happy group! Maybe frolicking.. maybe in the middle of the road or holding hands.. who knows! No it's downtime for about 30 minutes! before your ceremony to be alone without

🕒 Your ceremony!!!

Here we go!

🕒 After your ceremony

If you chose to use a timeline like this and do all of your photographs before hand, you are free to party at this point! If you wanted to wait until the ceremony to see each other then this is the point where we would shoot family, bridal and finish up with you two for about an hour. This would take about 1 1/2 to 2 hours!

🕒 Reception

We document as much of your reception as previously decided! From grand entrance, first dances, toasts, dinner, dancing and any other awesome events you had planned! About 20 minutes before sunset we like to whisk you two off to the best light of the day and shoot about 15-20 minutes with just you two and some beautiful golden sun! They usually turn out to be the best photos of the
