FLOWERS

BOUQUET

SHAPE

TYPES OF FLOWERS

Floral options will be seasonal and final decision will be made by floral designer.

BOUTONNIERES/CORSAGES

DETAILS

Boutonnieres will keep in the shades of the wedding.

GROOM

Groom will have a boutonniere that will be a little different as the rest.

CORSAGES

Corsages will keep in the shades of the boutonnieres.

CEREMONY

CLASSIC

Ceremony options will include lanterns similar to the left inspiration picture.

Flowers on the tree will match your theme and colors, adding great detail to your pictures.

Personal flowers will be whimsical and romantic and keeping the flow with all the other florals.

COCKTAIL HOUR

SOCIAL

While pictures are happening, social/cocktail hour is a great space for your guests to get introduced to your wedding reception plans.

Arrangements will keep to theme and colors. They will be small square vases.

White linens are a great way to get cocktail arrangements to pop. But I love color too...

Lounge areas will be great during this time.

TABLESCAPE

DESIGN OPTIONS

Reception options will include square or round pillar candle holders.

Large glass lanterns similar to ceremony lanterns.

Taller arrangements will cover 1 table and be set on harlow stands.

Lower arrangements will be in glass pedestal vase/bowl.

We will make the tables look beautiful and candles will add in a little more romance.
