

THE DROPPED PIN

Choose Your Own Adventure

THE TINY GUIDE TO AN EPIC DAY

STEP ONE

CHOOSE YOUR VIBE

Decide first on what you want your day to feel like.

Then think about how you want to be able to move through each element.

These core decisions will serve as an anchor to your vision.

PRO TIP:

Don't feel like your elopement day has to look like anyone else's! This is about curating a day that is meaningful to the two of YOU!

Q: Is your day slow and relaxed?

Q: Is it jam-packed with activities?

Q: Is it spent just the two of you?

Q: Are you celebrating with others?

Q: Are there any aspects from traditional weddings that you'd like to include in your elopement day?

STEP TWO

CHOOSE YOUR VIEWS

Deciding on where you want to elope is one of the biggest decisions in the planning process. But we're stacked with tons of experience to help you find the perfect spot.

Q: What of scenery excites you the most? Is there a landscape that you feel particularly drawn to?

Q: If you close your eyes and imagine exchanging vows with your partner, what are you surrounded by?

STEP THREE

CHOOSE YOUR DATE

Knowing when you want to elope, can have an impact on:

The accessibility of some locations or how they appear.

For example, many mountains have less snow on them during the summers.

Q: Is there a season or type of weather you're most drawn to or hoping for?

Q: Hoping for privacy in public spaces? Consider eloping on a weekday!

PRO TIP:

If you have guests joining you, dedicate day 1 to your ceremony.

Make day 2 all about you and your partner!
