

THE *process*

INQUIRY

I love starting the process by getting to know you two - how you met, your favorite things to do together, your proposal story, and your vision for your wedding day. (Don't be afraid to be long-winded, I love hearing details!) Next, we'll go over all the information about packages & pricing. If you'd like to meet in person, we'll schedule a meeting to discuss details and any questions you may have.

BOOKING

Once you've decided that we're a great fit, I'll send you a contract and invoice for the 50% deposit to secure your wedding date and you'll officially be booked!

ENGAGEMENT SESSION

The next step is to plan your engagement session! Most couples choose to schedule their shoot 6-10 months before their wedding so they can use the photos for Save the Dates. You'll receive the edited photos approximately 2-3 weeks after the shoot.

BEFORE THE BIG DAY

1-2 months before the big day, I'll reach out to you to fill out a Wedding Questionnaire which covers all of the final details about your wedding day. We'll finalize your wedding timeline, create the family photo shot list, confirm any important details, and make sure we're totally prepared for your wedding day. The final 50% balance is also due a week before the wedding.

WEDDING DAY!

Yay! Once your big day arrives, my team and I will be by your side the entire time, covering all of the important moments and details.

DELIVERY

I know how excited you're going to be to see your wedding photos, so I'll post some previews a few days after the wedding for you to view and share with friends & family. Within 6-8 weeks of your wedding, I'll send you a link to your Online Gallery, where you'll be able to view, download, print, and share your photos. If your package includes an edited video, you'll receive the link to your video within 4 months of your wedding. Teaser videos are delivered within 1 week. You'll also receive a flash drive in the mail with all of the high resolution photos and any edited videos included in your package.

ALBUM & PRINTS

A few months after receiving the digital files from your wedding, after you've had time to look through all of your photos and reflect on your wedding day, you're welcome to reach out to me anytime to discuss putting together your custom-designed flush mount wedding album. You're also welcome to order prints or canvas prints of your favorite photos.

STAY IN TOUCH!

I hope our interactions don't end with your wedding day! I'd be honored to capture any of your future family milestones, like an anniversary session, maternity photos, baby showers, newborn photos, or family photos! If you had a positive experience working with me, it would mean so much if you left a review on WeddingWire, The Knot, Facebook, or Google – it helps other couples find & and learn about my business. If any of your friends or family are getting married, it would be the biggest honor to get to capture their big day too!
