Mary Anne Mauss - Treasurer
Julie Conover - General Manager
Adam Conover - Regional Manager for American Angus Association

SALE SPECIFICS

SALE DAY CONTACTS

Julie Conover, Missouri Angus Association - (734) 260-8635
Don Laughlin, Missouri Angus Association - (660) 254-5500
Jeremy Haag, Angus Live - (816) 516-1309
Steve Thelen, Sales Associate - (734) 216-3671
Adam Conover, American Angus Association - (816) 676-8560

HOTEL HEADQUARTERS:

Courtyard by Marriott Columbia
3301 Lemone Industrial Blvd, Columbia, MO 65201
(573) 443-8000

Ask for the Missouri Angus Block of Rooms.

HERD HEALTH: Consignors will accommodate out of state buyers with appropriate health papers.

TRANSPORTATION: The buyer is responsible for coordinating transportation for their purchase(s).

TRANSFERRING REGISTRATION PAPERS: The seller will transfer registration papers once payment has been processed.

UPDATES: Any updates will be included on Angus Live.

JACKPOT HEIFERS: Each heifer eligible to show in the Missouri Angus Jackpot show has been designated with the Jackpot emblem.

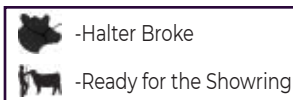

All of the heifers with this emblem have been nominated to show in the Jackpot Show in June at the Missouri Angus Preview Show and will be eligible for cash awards including a \$500 cash prize for the Champion Female.

TERMS AND CONDITIONS: Cattle will sell under the Terms and Conditions of the American Angus Association (https://www.angus.org/pub/suggested_sale_terms.pdf). In addition, all breeding age bulls sell with a first breeding season guarantee as defined on this page.

All cattle selling are either tested free of AM, NH, CA, D2 and M1 or have no pedigree risk. All DD status is included in this sale book.

Dear Angus Breeders and Cattle Enthusiasts,

Missouri Angus Association is celebrating the 64th Anniversary of the Missouri Angus Breeders' Futurity in a whole new way. 2020 was a year of change which has brought additional challenges into 2021. With the health and safety of our consignors, members, and potential buyers in mind, the Missouri Angus Association Board of Directors has elected to host our 2021 sale fully online.

With this exciting change, we invite you to join us online to view the elite offering of high-quality Angus genetics. Twenty-one consignors are offering a combined 19 open heifers, 8 bred heifers and 3 breeding-age bulls. In addition to the live lots, consignments also include a heifer pregnancy, pick of the spring ET calves, 20 straws of semen in 7 lots, and 37 eggs in 11 embryo packages.

As we adapt to an ever-changing year, please reach out to consignors for additional details or to arrange to view their consignments. It is a pleasure to work with Missouri Angus Association members and along with the consignors, we look forward to again marketing our premier cattle across the nation. If you are not comfortable purchasing online, please reach out to the sales staff to allow us to assist you. If I can answer any questions or be of assistance to you, please do not hesitate to contact me.

Sincerely,

Julie Conover

With numerous changes for the sale format, Missouri Angus Association will not be printing the 2021 sale catalog. Please view this document online or refer to the 2021 February edition of the Missouri Angus Trails for additional lot details.

Missouri Angus Breeders' Futurity Bull Guarantee

The seller of every breeding age bull in the Futurity Sale guarantees them to be fertile at the time of sale. All bulls have undergone a breeding soundness evaluation and are guaranteed against breeding injury for the first 90-day breeding season. This guarantee is in place for bulls sold during the bull portion of the sale and does not encompass bull calves at the side of dams. The breeding season begins the first day the bull is exposed to cows and the 90-day breeding season guarantee will not extend past June 30, 2021. Should a breeding injury occur to render the bull functionally infertile during the first breeding season guarantee time period, then a refund minus the salvage value of the bull will be issued to the buyer by the seller. If an injury should occur, the buyer must notify the seller as soon as possible and prior to the injured bull being sold for salvage. This guarantee is not a life insurance policy. There will not be a refund if the animal is killed or dies for any reason. This guarantee is in addition to the Sale Terms and Conditions of the American Angus Association, which also apply.

COVID-19 Precautions

An inherent risk of exposure to COVID-19 exists in any setting where people are present. All attendees are ultimately responsible for protecting themselves and preventing the spread of COVID-19. If you have been in contact with anyone exhibiting COVID-19 symptoms within the past 14 days of attending the show, have a fever or other symptoms, or are immune compromised, it is recommended to refrain from attending the 2021 MO Angus Breeders' Futurity in person events, per Centers for Disease Control and the World Health Organization recommendations. Please review the current CDC and WHO guidelines prior to the event to remain up to date on current standards and procedures. For events taking place in Columbia, MO, all attendees will be required to wear appropriate face coverings and social distance per local guidelines.

BEHLMANN ANGUS

Roger & Conrad Behlmann | 5 Cross Creek Lane, St. Paul, MO 63366 | (636) 262-9708 Roger; (636) 474-9537 Conrad

Behlmann Angus is a family run organization producing and promoting registered Angus genetics. They are committed to producing the right kind of genetics to enhance the productivity, sustainability, and profitability of their customers. Behlmann Angus has worked hard to raise Angus cattle that are structurally sound with the performance and eye appeal to work in either the feedlot or show ring. Their inspiration comes from their customers success and your satisfaction remains their highest priority.

• 5 units of Conley Express 7211.
 • Conley Express 7211, the \$400,000 valued top-selling bull, is one of the hottest bulls in the industry. With a fantastic phenotype, he was one of the most talked about bulls in the yards at the 2018 National Western Stock Show. Outcross to First Class and other popular pedigrees, Express provides exceptional mating flexibility with no compromises in phenotype. His dam, DPL Sandy 3040, has a track record for producing showing standouts and Express adds to her superiority as an icon of the Angus breed. Semen is stored at the farm in Saint Paul, MO.

• Here is a female that offers an exciting blend of genetics starting with her dam that was produced at Hillside Angus in Pierce City, MO, a program that has a national reputation for their maternally driven cow herd. In addition, the dam of this heifer, HS Winsome 059Y 1503, was a multiple time division champion for Conrad Behlmann during her tenure on the show circuit. "Winsome 1503" also offers a pedigree that is strongly influenced by Champion Hill and Schaff Angus Valley genetics that have been driven for eye appeal and substance.

• As an own daughter of the popular Stevenson Turning Point this female also blends in power genetics from the Musgrave program in IL and the Styles program in SD. Additionally, she stems from the highly renowned Primrose cow family that has left a lasting impact on the Dameron program of IL and the Express Angus Ranches program of OK. From a versatility standpoint this heifer not only offers a pedigree with mating flexibility, but also post a healthy set of production EPDs that spread from a negative BW to a triple digit YW and she is a female that ranks in the top 25% of the breed for \$M.

• Super competitive May calf that is up-headed and will catch your eye in the show ring. 2020 is smooth fronted and really deep ribbed with a super feminine design. She is very functional as she moves with plenty of reach off both ends. Sired by the very popular show ring sire, "Style." Donor dam is one of the best Emblynette females with cow power and udder quality. Champion Hill EMBLYNETTE8674 has power in the blood as she won her division at the 2015 and 2016 Atlantic National ROV Shows.

• Very attractive and balanced female that will win some purple as a senior yearling! Super docile and halter broke, ready to show. 9369 has a very powerful hip and hind leg with exceptional reach off both ends. This one has a really cool look and hard to pick a hole in her. Dam was the Reserve Supreme Champion of the 2019 Missouri Cattlemen's Junior Heifer Show. Her great-grandam was the Reserve Grand Champion at the 2011 National Western Stock Show Open Angus Show. AI bred on 11/30/2020 to the calving ease sire from Schaff Angus Valley, S A V Rainfall 6846.

Here is a great opportunity to invest in genetics that are directly out of the leading donor cow for Brinkley Angus Ranch of Milan, MO and Lazy H Ranch of Hays, KS. The dam of this pregnancy GAR 5050 New Design 1782 has been a steadfast anchor cow for both aforementioned programs for several years. She has been the dam of many highly sought-after females in the National Western Foundation Female Sale including BAR Rita 7706-N68 the \$150,000 top selling female in the 2019 sale purchased by Wall Street Cattle Co. of Lebanon, MO. Additionally, the "1782" cow is a granddaughter of the famed "6108" donor at Hillhouse Angus in Texas. Brinkley Angus has sold 19 bulls out of the dam in their annual March production sale averaging \$9,855. The top side of this mating only adds to the excitement as Connealy Clarity is a young herd sire that is destined to leave an impact on the breed. He posts a tremendous set of production and carcass EPDs, as well as ranking in the top 1% for \$M, \$B and \$C. Heifer pregnancy due August 2021.

Brinkley Angus Ranch is willing to calve the cow and keep the calf until weaning for the buyer or you can pick up the cow at Trans Ova Genetics upon purchase.

2 units of Woodhill Relevance.
 "Relevance" was the \$150,000 top selling bull in Woodhill's 2019 bull sale selected by ABS Global. He is revered by breeders for his blend of the "Woodhill" look and a progressive set of EPDs to match. "Relevance" also stems from the same cow family as Woodhill Blackbird C15-F083 the \$50,000 1/2 interest bred cow in the 2020 Sydenstricker Genetics sale purchased by Greiner Angus of Kalona, IA. Unfortunately, this great young bull was taken from the Angus breed at a young age leaving a limited semen bank available. Semen stored at Trans Ova Genetics.

BYERGO BEEF GENETICS

Joe, Susan, Truman & Jamie Byergo | 23610 State Hwy 371, Dearborn, MO 64439 | (816) 390-2426

Byergo Beef Genetics' focus is to produce sound, powerful, fertile bulls that will help commercial cattlemen make the most profit with the fewest problems possible. We are honored to also provide genetics to fellow Angus breeders, including some of the largest in the USA. Joe, Susan, and Truman Byergo.

- Selling three IVF embryos with the guarantee of one successful transfer if implanted by an AETA-certified technician.
- Byergo Clover G52 is sired by Byergo Black Magic 3348 and a maternal sister to the 2020 Midland Bull Test High Selling Bull, Byergo Colonel G14. G52 is one of the most phenotypically powerful females at Byergo Beef Genetics. She ranks off the charts with a top 1% WW, YW, RADG, CW, \$B, & \$C. Sired by the new SydGen and Brinkley Angus herd sire, De-Su Volunteer B122. B122 offers higher Scrotal, CED, and Marbling EPDs than his flush brothers and sire. A great mating with worlds of potential.
- All embryos are grade 1 and were produced with conventional semen at Trans Ova Genetics and stored at Trans Ova.

An exciting offering of a top 5% or better WW, YW, RADG, CW, \$F, \$B and \$C backed by generations of Byergo genetics. Byergo Ten-Four is a maternal brother to the \$16,000 top selling bull at the 2020 Midland Bull Test and to Byergo Clover 150, the Baldrige Performance/Byergo Beef proven donor. Ten-Four has a gentle disposition, yet he is athletic and active in the pasture. He offers a more moderate CED than most sons of Black Magic, but maintains the structure, growth, and carcass EPDs. Byergo Beef Genetics has used him naturally in their own cow herd, so we are offering full ownership and possession! He has an adjusted 365 SC of 40.

- Selling three IVF embryos with the guarantee of one successful transfer if implanted by an AETA-certified technician.
- Byergo Clover G85 is one of Byergo Beef's favorite maternal looking young females that has a tremendous EPD profile. Her dam and granddam are great producers that go back maternally to Byergo Clover 150, the proven Baldrige Performance/Byergo Beef Donor. G85 offers a +9 CED along with top 1% WW, YW, RADG, CW, REA, \$W, and \$F. She also stands in the top 3% of the breed for \$B, \$C and top 10% for Milk. "Gavel" is the \$240,000-valuation top-selling bull at the 2019 Sydenstricker Genetics Production Sale. A bull that has generated widespread interest for his growth and structure and will have one of the largest sire groups at SydGen this year.
- All embryos are grade 1 and were produced with conventional semen at Trans Ova Genetics and stored at Trans Ova.

- Selling three IVF sexed heifer embryos with the guarantee of one successful transfer if implanted by an AETA-certified technician.
- Byergo Clover 595 keeps proving herself to be better. This linebred "Byergo" power cow traces to the foundation Clover "5079" cow 5 times and to Forrest Byergo's foundation Elia of Barnard (& Elia of South Oaks) 15 times. 595 moves with ease around the pasture and will have a long future. Baldridge Performance in NE is Byergo Beef's partner on this exciting cow with numerous calves coming soon in both operations. Mated to breed leading "Black Magic" bull who continues to rank in the top 1% of the population for nine traits and indexes and is in the top third of the population for thirteen more traits. This high accuracy sire paired with a plus +300 \$C female makes an exceptional breeding opportunity.
- All embryos are grade 1 and were produced with sexed heifer semen at Trans Ova Genetics and stored at Trans Ova.

- 100% of the proceeds of this embryo lot will be donated to the Missouri Junior Angus Association Scholarship fund that was established in 1996. The fund awards numerous college scholarships annually to Missouri Junior Angus Association members and is managed as an endowment with the Angus Foundation.
- Selling two grade 1 embryos with no guarantee as they are the last of the mating at this time. One embryo is from sexed heifer semen (IVF) and the other is from conventional semen (conventional).
- A great way to support juniors and with a gain for your program too! This same mating sold for \$1,500 per embryo to top the 2019 Missouri Angus Breeders Futurity. The proven Baldridge/Byergo Beef Genetics donor is a maternal sister to the high selling bull in the 2020 Midland Bull Test sale, Byergo Colonel G14, who was purchased by Connelly Angus in Valer, MT. 150 has average progeny ratios of 112 WW and 111 YW along with top 1% EPDs for RADG, \$B, and \$C. Black Magic has top 1% WW, YW, RADG, SC, CW, \$B, and \$C. Previous embryos and progeny from 150 were purchased by Soaring Eagle Farms, Frank-Hazelrigg Angus, Briarwood Angus, Baldridge Performance Angus, Swindler Angus, and others.
- All embryos are stored at Trans Ova Genetics in Chillicothe, MO. Shipping is responsibility of buyer.

- An exciting young herd sire by EXAR Blue Chip 1877B and out of a maternal sister to Silveiras Style 9303! Checkerhill Angus had the opportunity to purchase the dam, Silveiras Elba 2440, from Silveira Bros in partnership with Hollenberg Cattle Co a few years back. 2440 has been a top producer in both operations, producing many high selling lots in the Checkerhill Angus Ladies With Style online sales and off of the farm. This powerful young herdsire has the bloodline and the look that your operation needs. Selling full possession and semen rights.

CHECKERHILL ANGUS

Kelly Smith | 7601 County Road 8580, West Plains, MO 65775 | (417) 855-9461

Checkerhill Angus is owned and operated by the Kelly and Elayne Smith family. Kelly is a 2nd generation Angus breeder which in turn makes their sons Cody and Clayton 3rd generation Angus breeders. Checkerhill Angus has been a vital part of Missouri Angus since moving to Missouri in 1997. After many years of producing production bred Angus as well as being very active in the show ring, the main focus now and going forward is on producing nationally competitive Angus females and bulls. Checkerhill hosts both a spring and fall online sale featuring top notch show heifers.

Checkerhill Danica 930, Lot 16

- This broody young female was selected right out of the Checkerhill Angus replacement pen and is bred to make an impact. Phenotypically she offers a unique combination of body mass and an ultra-feminine front end. Additionally, this front pasture bred heifer has a double digit CED, is high for marbling and ranks in the top 10% of the breed for \$C. Due in September to Square B True North 8052. Great potential for success in the National PGS Show!
- Seller retains 1/2 flush interest.

Hickory Hill Missy 952, Lot 17

- Hickory Hill Missy 952 is one of the most powerful females ever to stand in the Checkerhill program and is only offered for public auction because of the prestige of this historic event. She's got a phenotype to suit anyone, a pedigree stacked with breed leading proven genetics and an impressive set of production EPDs that spread from a negative BW to a 122 YW. Due in September to E & B Plus One. Great potential for success in the National PGS Show!
- Seller retains 1/2 flush interest.

CLEARWATER FARM

The Pipkin Family | 9770 W State Hwy 266, Springfield, MO 65802 | (417) 827-2756

Since 1933, Clearwater Farm has worked to provide quality Angus genetics that offer both performance and phenotype. The operation selectively seeks out only the best AI sires in the breed for optimum customer profitability. Visit them on the web at clearwaterangus.com.

Clearwater Primrose 0036, Lot 18

- A super complete and attractive young female, Clearwater Primrose 0036 offers excellent structural integrity. 0036 stems from the proven Primrose cow family. Her maternal great-granddam was the top selling female in a past Clearwater Farm Production Sale. Her sire, MOGCK Entice, combines genotype and phenotype into an exceptional package. Super disposition for a beginning showman.

Clearwater Primrose 9318, Lot 19

- This deep-bodied, square-hipped and maternally designed female is the ultimate cow prospect. Her dam by VAR Reserve 1111 is a true power cow with an excellent udder and stems from the proven Primrose cow family. Stemming from an AI sire who brings a maternal package second to none, TEX Playbook 5437. Form and function all wrapped up in this one. Don't miss out on an opportunity to secure your maternal legacy with her top 1% of the breed \$M ranking! 9318 sells AI bred to Wilks Regiment 9035, due 10/8/2021.

DURHAM ANGUS

Jonathan Durham | 907 E. Mitchell, Marshall, MO 65340 | (660) 631-0031

Durham Angus Farms is a herd of small numbers, but high quality. They use their Angus cows as a foundation to both SimAngus and Angus genetics. They are happy, and thankful, to be a part of the Angus Futurity and love to talk to you about their cattle!

Durham Lass G8, Lot 20

• A pedigree that has stood the test of time in both the showing and the pasture. A direct daughter of the sire of champions, "Insight," and a proven donor sired by "004." G8 has a disposition fit for a junior of any age! She will be fun to both show and breed to raise your next champion. She is super sound at the ground and complete from all angles. Hard to poke a hole in this future show heifer. Her full sister sells too.

• The traditional pre-sale show would have been perfect for this heifer with PVF Insight 0129 at his best. A daughter of their proven donor dam that never misses. G7 has a sweet disposition and a look that will stop you in your tracks. She has the potential to not only bring home a purple ribbon or two, but also be a valuable breeding piece. Worth a drive to come see her! As a note, this heifer poked her eye as a baby and has a very small scar on her non-show side. It is small and does not bother her. G7's full sister is selling as well!

Durham Lass G7, Lot 21

FAIR OAKS FARM

Ella and Samuel Jordan | 9465 County Road 185, Savannah, MO 64485 | (816) 686-3815

Fair Oaks is a family owned and operated purebred Angus farm located in Savannah, Missouri. Backed by four generations of agriculture enthusiasts, we are focused on developing high quality Angus cattle with balanced traits. Like Fair Oaks Farm on Facebook for more information.

J4 Susan 004, Lot 22

• This easy-going heifer is halter broke to tie and lead. Ready for a showman of any age. She is a daughter of PVF Surveillance 4129, a sire that needs no introduction and has made his mark in the show ring and in the pasture, and a sweet daughter from Ward Brothers out of the popular Pathfinder sire SAV Brilliance 8077. 004 has been a pasture and barn favorite. She is structurally correct with good rib shape and muscle in a complete package. Her balance and style will certainly catch a judge's eye in the intermediate division. Then she will go home to be a productive cow. This easy-going heifer, consigned by Missouri Junior Angus member Samuel Jordan, is halter broke to tie and lead.

• Campaigned successfully by Missouri Junior Angus Association member, Ella Jordan. This bred-and-owned bull was second in class at the National Junior Angus Show and named Grand Champion Angus Bull at the 2020 Missouri State Fair FFA Show. This direct son of Dameron Best In Class, the record selling bull of the 2017 Bases Loaded sale and a full brother to the triple crown winner, Dameron First Class, is offering a tremendous son out of Ward Brothers Forever Lady cow family. She is a highly maternal daughter of the popular Pathfinder Sire SAV Brilliance 8077. This high performing yearling bull combines a true balance of phenotype and genotype. He is super sound with lots of rib shape and muscle. He will certainly add growth, power, muscle shape and style to your herd.

J4 Best In Class 905, Lot 23

GLEONDA ANGUS

Traves Merrick | 1956 Hwy 97, Miller, MO 65707 | (417) 536-8080

Gleonda Angus Farms is located in the heart of cattle country near Miller, MO has raised cattle for more than 50 years. Leon and Glenda Kleeman along with their grandson Traves Merrick focused on producing cattle with excellence carcass quality, feed efficiency and maternal performance.

• Elia H086 is sure to be one of the powerhouse heifers offered in 2021. This donor prospect has a set of production EPDs that could advance any program and a phenotype to make a beautiful momma cow. H086 is the top heifer from the Gleonda Angus Farms calf crop and offers a WW, YW, and \$W that ranks in the top 1% of the breed. Her dam was a never-miss donor that has provided multiple herdsires for Gleonda. Seller retains the right to one flush at the buyer's convenience and the seller's expense.

GOODEN ANGUS

Reed Gooden | 1920 NW 600th Road, Kingsville, MO 64061 | (573) 292-6799

Reed Gooden, a Missouri Junior Angus Association member, has created a herd of registered Angus cattle that he has shown throughout his junior show career. As he ages out of being a junior member, he is beginning to offer these competitive genetics to other Angus juniors and breeders.

HAT CREEK GENETICS

Greg, Lesley, Tyler, and Kara Meier | 6574 State Hwy 00, Jackson, MO 63755 | (573) 275-1534

Located in the rolling hills of southeast Missouri, Hat Creek Genetics is a family operation in fescue country. We are performance driven with the need for correct, balanced, easy fleshing females that perform in our environment. Utilizing only AI and ET, fertility is of the utmost importance.

· This stout made female from the Forever Lady cow family is well patterned in her design and attractive from the profile. Out of the Select Sires bull, Deer Valley Wall Street, this female has an opportunity as a show heifer with great cow potential in the future. Her first calf heifer dam is a perfect bagged female with eye appeal and capacity. 301H's granddam, Birks Forever Lady 100, and great granddam, B&M Forever Lady 294, need no introduction in this sale as they been successful here many times before.

· This stylish female is super attractive from the profile and feminine in her design. She comes from an outstanding first calf heifer and was the highest weaning weight in her contemporary. Her maternal granddam is a donor in the Hat Creek Genetics program and boasts a weaning ratio of 3@108. Out of the Origen sire EXAR Monumental, she has donor potential with the combination of maternal pedigree with style and design. She is due 9/3/2021, bred to Deer Valley Unique.

Hat Creek Forever Lady 807G, Lot 27

HILLSIDE ANGUS

The Washams | 44 Lawrence 2220, Pierce City, MO 65723 | (417) 489-4546; (417) 489-5450

Tracing back four generations with nearly a century of Angus heritage in their background, the main focus of Hillside Angus is to produce cutting edge genetics, providing their customers with the highest quality. Hillside Angus takes great pride in their strong reputation in producing sound, functional and phenotypically correct cattle than not only perform in the showing but the pasture as well.

H S Emblazon Erica 179, Donor of Lot 28 Choice

- Offering choice of any Spring 2021 ET calves of this mating.
- 179 continues to have overwhelming style, balance and show presence that's passed on to her progeny. Her progeny not only stands out in our operation but also for many juniors around the country. She is the dam of 2014 NJAS Class Winner, 2015 NJAS Res. Late Senior Champion, many more state and local champions. 179 is also the granddam of 2016 NJAS Reserve Champion Bred & Owned Intermediate Bull. The sire of the choice, Mohnen Rip, a Cowboy Up 5404 son, was one of the top selling bulls in the Mohnen 2020 Bull Sale. Intrigued by this mating? They're sure to be standouts.
- Calf must be selected by 6/1/21.

- Selling three conventional embryos with the guarantee of one successful transfer if implanted by an AETA-certified technician.
- Hunter Angus is offering an exciting mating from their Coleman Donna 3250 donor. In their inaugural production sale, a daughter of 3250, Coleman Donna 6254, was their featured Lot 5 heifer selling to Cantrell Creek Angus of Niangua, MO. Mating 3250 to S A V Sensation 5615 has already shown success producing their Lot 7 female in the 2019 Hunter Angus Production Sale that is now in the Vin-Mar Cattle Company herd in Gordon, NE. An exciting embryo offering.
- Embryos stored at farm in Fair Grove, MO.

M BAR M CATTLE CO.

Michael Montoya and Julie Muir | 18074 W. State Hwy M, Eagleville, MO 64442 | (660) 342-7202

M Bar M Cattle Company is a fall calving seed stock producer in NW Missouri. Concentrating on proven genetics, structure, environment and eye appeal allows them to produce cattle that excel in the pasture, perform on the rail and compete in the showing.

M Bar M Rita 802, Donor of Lot 31

PVF Insight 0129, Sire of Lot 31

- Selling four conventional embryos with the guarantee of two successful transfers if implanted by an AETA-certified technician.
- The dam of this embryo offering, M Bar

M Rita 802, stands as one of the most exciting young donors in the M Bar M program. She herself posts progressive calving ease numbers, as well as ranking in the top 4% for \$M and carries the Targeting the Brand logo. The maternal grandam, Briction Rita 0196, has produced two daughters merchandized as show heifers, the first through the 2013 Missouri Breeders' Futurity, to Emma Burns of Bosworth, MO and the second in the 2019 Black Gold Genetics Sale to Logan Lynn of Springfield, KY. Briction Rita 0196 is also the dam of M Bar M Rapsallion 502 an extensively used herd sire in the M Bar M and Osage Grass and Livestock programs. "Rapsallion 502" has made an everlasting impact in the herds he's been used in by siring cattle that are fundamentally very practical, easy fleshing and excel on fescue. The maternal grandam, Briction Rita 0196, has earned production records of BR 7@93, WR 7@102, YR 3@101.

- Embryos stored at the farm in Eagleville, MO.

Meyer Blackcap 020, Lot 33

A foundation female in the making with a progressive set of growth EPDs and the phenotypic perfection that Meyer Cattle Co. strives for. The maternal granddam of this heifer is an own daughter of the famous EXAR 263C herd sire that made a powerful impact across the Angus cow herd and a bull whose top shelf reputation was largely earned by his high quality, hardworking daughters. Truly a breeding piece that has the potential to be the start of something big in her new program.

The Many Time Champion, "6883"

LK Forever Lady 033 is a direct daughter of EXAR Forever Lady 6883, a \$16,000 purchase in the 2017 Express Ranches Honor Roll Sale. "6883" holds the title of the 2018 ROV Senior Heifer Calf High Point Heifer of the Year and had several victories in her 2018 career including Atlantic National Senior Heifer Calf Champion, National Junior Angus Show Heifer Champion and the National Western Senior Heifer Calf Champion. This is a unique opportunity to own a heifer calf out of one of the most nationally talked-about show heifers in recent times who has now joined the ranks of the breed's elite donor cows and will forever be a member of one of the most potent cow families to stand at Meyer Cattle Co. and Express Ranches.

Meyer Rosemary Faith 999 was selected directly out of the Meyer Cattle Co. replacement female pasture. This female offers a carefully chosen pedigree that combines calving ease, high carcass merit and phenotypically pleasing cattle. "999" is tailor made to raise Show-Me-Select qualifying bulls to fit the state's commercial bull demand and she is sure to inject look that will make her calves easy to find. AI bred to Deer Valley Growth Fund and exposed to EXAR Enhance 8633B.

Meyer Rosemary Faith 999, Lot 36

Wondering how the Missouri Angus Jackpot works?

A member of the Missouri Junior Angus Association buys a heifer or steer from a Missouri Angus breeder. The Missouri Angus breeder nominates the calf for a \$50.00 fee for a private treaty sale or \$15.00 if nominated at an auction prior to the sale (like Futurity). The junior then pays a \$15.00 entry fee and shows in the special classes at the Missouri Angus Preview Show. In 2020, \$1,770 was awarded to Missouri Angus Association Juniors! Consider purchasing and/or participating in these special classes in 2021!

The Targeting the Brand™ Logo

The Targeting the Brand™ logo is designed to highlight registered Angus bulls with greater genetic potential to produce calves meeting the most challenging specifications of the Certified Angus Beef® brand. Bulls must meet genetic requirements of +0.65 Marbling EPD and +55 \$ Grid of non-parent Angus sires to qualify for use of the Targeting the Brand™ logo.

MOYER CATTLE CO. & HIGH POINT FARMS

Greg & Maureen Moyer and Brett & Hannah Fabion | 373 NW 50th Road, Lamar, MO | (417) 214-1699, (417) 262-4037

As of September 2020, Moyer Cattle Company added a fourth generation to their farm that was established in 1977 with the birth of Emery Grace Faubion. We raise Angus cattle with a focus on quality and practical genetics from the pasture to the table. Look for us in the future under the name, High Point Farms.

High Point Miss Corona 607, Lot 37

• This heifer is a very deep bodied female that puts all the parts and pieces together. 607 has the pedigree behind her to perform in the show ring as well as the longevity in the pasture. Stacked with cattle that have been successful in production and the showing, sires include "Insight," 74-51 Sudden Look 1023, B C Lookout 7024, "Hot Lotto," and "Brilliance." An exceptional package from long-time Missouri Angus Association members.

HMM JC Insight 104, Sire of Lot 37 & 38

High Point Barbra 522, Lot 38

• With a pedigree like what she has, you won't want to pass on this June heifer. Picked out of the donor pen, 522 offers show ring potential and future cow power. Her maternal grandsire is the hugely popular 2013 Senior Champion Bull in Denver that was also named the Grand Champion Bull at the 2013 Missouri State Fair. 522's sire, HMM JC Insight 104, also saw success in the showing being named the Reserve Junior Champion Bull at the 2017 Missouri Junior Angus Preview Show and the Reserve Grand Champion Bull at the 2018 Ozark Empire Fair.

- Selling six IVF embryos by Vytelle with the guarantee of two successful transfers if implanted by an AETA-certified technician.
- Offering frozen IVF embryos by "Northside" out of an elite daughter of the breed's most widely-used sire, SydGen Enhance. The dam of these futuristic embryos is SydGen Primrose 9025. She was the top performing natural heifer calf of the Sydenstricker Genetics 2019 spring heifer calf crop, and is currently the only non-parent female to rank in the top 2% for HP, Claw and Ribeye Area EPDs. She is a true multi-trait leader, with several rankings in the top 5 percentiles, culminating in a \$C value of +340. Primrose 9025 is a maternal sister to the \$25,000 SydGen Brickyard, top-selling bull of our 2018 sale to Mogck & Sons, Olivet, SD, being a daughter of the preliminary Pathfinder SydGen Primrose 6220 with WR 3@111.
- Embryos are stored at the farm in Mexico, MO.

TRIPLE C CATTLE CO.

Christopher, Corey & Caleb Hudson | 30466 Hwy O, Middletown, MO 63359 | (573) 647-1534

Triple C Cattle Company is a practical working farm operation in Pike County, MO. They pride themselves on producing balanced cattle who have showring eye appeal yet have real world commercial merit.

- Power and style combine in a feminine and fancy package. Her tremendous 6-year-old dam has been a consistent producer at Triple C Cattle Co. and has earned production records of BR 4@100, WR 4@100, YR 2@100. Sired by the popular dual purpose "Insight," 91940 is built for the long haul and will get better every day.

VALLEY OAKS ANGUS

The Ward family | 35000 E. McQuerry Road, Oak Grove, MO 64075 | (816) 229-8115

Valley Oaks Angus has been breeding Angus cattle for 30 years in Oak Grove, MO. Their goal has been focusing on functional cattle for both the registered and commercial cattle producer. Valley Oaks Angus has strived to produce females with proven performance behind them by utilizing predictable sires that combine balanced EPD values with excellent phenotypes.

Bess 0042 is a February yearling that boasts a phenomenal genetic package. Sired by Three Trees Xceptional B0048 and out of a dam sired by an outcross sire, Vermilion Spur D125. 0042 boasts a great spread with a +10 CED/1 BW and a +72 WW with a +127 YW. She also carries a +1.37 Marb EPD with a 279 \$C. As you would predict, 0042 ranks in the top 2% of the breed for Marb and top 3% for \$G with a +80. She also ranks in the top 15% or better for WW, YW, YH, CEM, \$M, \$W and \$C with a +279. 0042 qualifies for the Valley Oaks Youth Donation Program. In this program, 10% of the gross proceeds will be donated to a Youth Agricultural Organization of the Buyers Choice.

Selling three conventional embryos with the guarantee of one successful transfer if implanted by an AETA-certified technician. 4009 was the highlight of the Valley Oaks Angus Fall Production sale and was sold to Soaring Eagle Farms in Springfield, MO. 4009 carries Top 1% in \$C and \$B. Top 5% or better in CW, Marb, \$F, \$G, CEM and SC. Bakers Northside 6007 is the product of over six decades of mating precision at the Baker Angus Program of Butler, MO. He posts outstanding actual performance data of: 78# BW, 795# WW, 1,704# YW, 6.61% IMF, 17.1 in. REA. "Northside's" impressive length, structural correctness, combined with his ultra-progressive birth to growth spread and terminal indexes make him a natural breed leading young herd sire. The offspring of this mating will be numerically outstanding with a great phenotype to match!

Embryos are stored at the farm in Oak Grove, MO.

- 100% of the proceeds of this embryo lot will be donated to the Missouri Junior Angus Association. Since this year's Futurity is a much different format, the Juniors will be missing out on a major annual fundraiser. So please help support the Missouri Junior Angus Association!
- Selling three conventional embryos with the guarantee of one successful transfer if implanted by an AETA-certified technician.
- Support the juniors with the purchase of a great egg package including SydGen II Eileenmere 7120 and KR Cadillac Ranch. A maternal sibling to this mating is the 2020 Missouri Angus Association Open Show Bull of the Year, Valley Oak Victory Lane 9009. 7120's dam, SydGen Eileenmere 2004, also had success in the showing being named the 2013 Missouri Cattlemen's Preview Show Reserve Grand Champion. You'll find thickness and power in the 7120 female who sold as a bred heifer in the 2018 Sydenstricker Genetics Production Sale. 7120 ultrasounded with a REA ratio of 116 and IMF ratio of 104 when scanned in her contemporary group. 7120 crossed with a calving ease show bull, KR Cadillac Ranch, will surely create great do-it-all Angus offspring.
- Embryos are stored at the farm in Oak Grove, MO.

WHEELER ANGUS

The Wheeler Family | 23101 Hwy 24, Paris, MO 65276 | (573) 473-8208; (573) 220-1096

Longtime agricultural entrepreneurs, Chas and Misty Wheeler own and operate Wheeler Angus in northeast Missouri. Their sons, Rance and Ross are fourth generation Angus breeders. Missouri Junior Angus Association member Rance is offering the two entries in this sale. Wheeler Angus is proud to have the deep Angus roots of Allen and Stephanie Robinson as part of the Wheeler team.

• H090 has power in the blood! Out of the bull that sold half-interest for \$250,000, "Generation" offers genetic excellence across the beef production spectrum. H090's dam is a full sister to the \$400,000 valued top-selling Conley Express 7211, one of the hottest bulls in the industry. This outstanding mating is a granddaughter of the past National Western Stock Show Grand Champion, SMA Watchout 482, back to the ever-popular DPL Sandy 3040, who was the 2015 Reserve Grand Champion Owned Female of the National Junior Angus Show and the Grand Champion Female of the 2014 Western National Angus Futurity Junior Show. A full sister to the maternal granddam, Silveiras SS Sandy 2355, went on to produce the \$105,000 Conley Sandy 7305 that sold to J6 Farms in NE. This popular pedigree has the opportunity to become your next donor females.

WAF Sandy H090, Lot 45

WAF Hazel H015, Lot 46

2021 MISSOURI ANGUS BREEDERS' FUTURITY WILL BE FULLY ONLINE AT ANGUS LIVE

THERE WILL BE A HORSE RACE STYLE CLOSING FORMAT FOR THE FUTURITY SALE!

WHEN TIME EXPIRES, ALL LOTS ARE DECLARED SOLD! ORIGINAL ENDING TIME: 3PM CST WITH EXTENDED BIDDING TO FOLLOW! EXTENDED BIDDING WILL CONTINUE UNTIL THERE IS NO BIDDING FOR 5 MINUTES!

With this option, all lots will close simultaneously. A few benefits to this style of auction are the buyer has the CHOICE to switch to any lot(s) in the offering if he is outbid on his/her current choice; buyer does not have to deal with the sale order of the sale because all lots are offered and bid on simultaneously; and the buyer has a choice(s) and more time to make his/her decision.

Extended Bidding means that the auction is not declared closed until there have been ten minutes of inactivity on the current sale. If there is any bidding during the inactivity period, the auction is extended until there is no bidding for ten minutes during the inactivity period. You can always check the time remaining that appears next to each lot item. **REMEMBER TO CLICK ON THE REFRESH BUTTON TO UPDATE THE TIME REMAINING!** For this sale the extended bidding period is 5 minutes.

EXAMPLE 1: Auction Closes at 3pm. There is no bidding from 2:55 pm to 3pm. All lots are declared closed and the sale ends at 3pm.

EXAMPLE 2: Auction closes at 3pm. There is a bid placed at 2:58pm. The Auction is extended 5 additional minutes. No more bidding occurs. All lots are declared closed and the sale ends at 3:03pm.

EXAMPLE 3: Auction Closes at 3pm. There is a bid placed at 2:58pm. Auction is extended by 5 minutes until 3:03 pm. Another bid is placed at 3:02 pm. No more bids are placed. All lots are declared closed and the sale ends at 3:07 pm

*In the event of an extended auction there will be no bids accepted after 11:59 ET.

Maximum Bidding is a feature you may use during the duration of the auction. This feature allows you to place a private maximum bid that only you will be aware of and allow the computer to bid on your behalf when another bidder places a bid on the same animal(s) as you.

ANGUS LIVE SALE MANAGEMENT CONTACT:

Jeremy Haag (816) 516-1309

When a buyer registers for a buyer's number on the Angus Live website that number is good for all Angus Live Sales, only if ALL information is correct.

TERMS: All bidding and payments are in US Dollars. Accepted payment forms are: Corporate or personal check, cashier's check, money order, Visa, Master Card, and Discover all immediately negotiable. 5% Credit Card convenience charge will be placed on all credit card purchases (Accepted - Visa, Master Card, and Discover). Late fees are subject to a 15% finance charge after the seventh day. A fee of \$50 will be assessed on all late payments or returned checks and the bidder will be denied access to future auctions. Payments by credit card must be called in to the office at the conclusion of the sale - Angus Live (816) 516-1309 to complete this process by phone. There are NO BUYERS PREMIUMS in effect for this auction.

CONDITIONS: Any person placing bids on items in a specific auction agrees to these terms and conditions and understands that, by placing bids, they are entering into a binding contract between themselves and the seller(s) and that they will be held financially responsible for their actions. Angus Live and Missouri Angus Association act as an agent between buyer and seller and may not be held responsible for any livestock merchandise. It is clear that Angus Live and representatives act only as a means between buyer and seller, and may not be held liable, financially or otherwise, for any failure on the part of the same to fulfill any obligations set forth in the sale or for the truths of any warranties expressed or implied. The information stated in the catalog has been prepared by sale management from the information provided by the seller(s) and is assumed to be fully accurate as presented to us. The sales of Angus breeding cattle will sell under the same standard and conditions of the American Angus Association.

INVOICING:

An invoice with payment instructions will be sent to new buyer registered by e-mail at the close of bidding and sale. If you do not receive invoice by e-mail within 24 hours following the close of the auction, please contact (816) 516-1309. Failure to complete the payment terms as stated above will result in forfeiture of animals purchased and immediately reported to the Credit Bureau. Be sure you are capable of paying immediately and realize your bids are not based on financing. Angus Live reserves the right to charge the entire purchase price and late fees to the credit card on file if payment is not made in the seven days after the close of the auction.

TRUCKING:

Each buyer is responsible for making their own trucking arrangements thru seller or Angus Live. Trucking arrangements need to be made prior to or immediately following the sale. NO animal(s) will be delivered until payment is made in full.

HEALTH PAPERS:

Furnished upon request for each animal. Any exportable animal(s) will need special testing and will be at buyer's expense unless otherwise discussed with seller.

EMBRYO/SEMEN:

These item(s) will be sold in terms of so much times the number of units selling. Buyer on all embryos and semen will be responsible for all shipping cost. Embryos and semen sold will be noted if they are exportable to other countries in the footnote section of each lot.

LIABILITY:

Angus Live and Missouri Angus Association are not responsible for injury or accidents. Animal(s) become property of the new buyer when sold. Following the auction we strongly recommend that all new owners take out mortality insurance on their purchases. Angus Live, Missouri Angus Association nor seller can be held responsible for the health or condition of animals after the conclusion of animal(s) being sold. Angus Live and Missouri Angus Association assume no liability for accidents or injuries that occurs.
