INVESTMENT GUIDE

recent work.

for the madly in love & adventurers at heart

MY PHILOSOPHY.

Hey there! My name is Lauren and I am a Wedding and Portrait photographer here in the Los Angeles area specializing in natural light photography. I strive to create and capture authentic moments for my couples and preserve their precious memories for years to come.

It all starts with a conversation and an engagement session. I love getting the chance to meet new people, and I am always so excited to meet you and take your picture. I offer free engagement sessions with my wedding packages as an “icebreaker” to get to know each other. It’s a way to talk and get comfortable in front of the camera without the pressure of the wedding day. You also get a feel for how I direct and pose you before the big day, plus who doesn’t love more pictures of you and your special someone!

“

“SHE MADE OUR
ENGAGEMENT DAY
REALLY SPECIAL”

"Lauren was great and so fun to work with! She and my fiancé did so well at coordinating things to surprise me with his proposal and our engagement! Lauren found a great location for us (after our first choice fell through), and she had really fun directions and poses for us, which never made us feel awkward or odd. She was also very prompt with getting the pictures to us. We loved working with Lauren - she made our engagement day really special!"

“

“WE LOVE LAUREN AND
CAN'T WAIT TO DO MORE
SHOOTS WITH HER IN THE
FUTURE”

"Lauren's work is really amazing!! She did both our engagement and wedding shots and made us look so good! I'm not very comfortable in front of the camera but she made me feel so at ease. She is really sweet and gave clear and super helpful directions. She was really accommodating as we had to change plans a few times due to Covid. We love Lauren and can't wait to do more photo shoots with her in the future!"

nice to meet you.

PHOTOGRAPHER . BELIEVER . LOVER OF LIGHT .

HI, I'M LAUREN.

*A WEDDING & PORTRAIT PHOTOGRAPHER
BASED OUT OF LOS ANGELES, CALIF.*

I have had a passion for photography for as long as I can remember, but my passion for capturing love stories started not that long ago. In school I studied fine art photography, I even graduated with my BFA. I fell in love with documentary photography and photojournalism. I love telling stories with my images, I love being outside, and using natural light, which led me to weddings and portraits. There's something so good about capturing love and the beginning of two people's life together that I just can't get enough of. The cuddling, the running around holding hands, the sweet golden sunset light, what's not to love?

Because of my love and eye for documentary photography, I bring a photojournalistic style into my wedding and portrait images. I adore those in-between moments, the details, the real emotions. I strive to create authentic moments in my images, and I want to capture your memories for what they are; real, true, and genuine. When you look back at your photos in years to come I want you to feel that same love and emotion you felt on the day you got married. That is always my goal when I pick up my camera.

frequently asked.

when will I receive my photos?

You'll receive a sneak peek of a few photos within 24 hours of your day (I know you're anxious to 'gram!). For engagements, photos are delivered within the a week. Weddings are delivered within 3-4 weeks.

do you give us the raw photos?

I don't give out any unedited or raw image files. The editing process is part of what makes my photos special, just like me setting up your poses. Without the editing, your photos are unfinished.

do we need an engagement session?

Scheduling an engagement session is completely up to you! I offer complimentary engagement sessions with every collection and they are the perfect opportunity for us to hang out and get to know each other in a more relaxed setting. You also get to learn my shooting style while we're at it. Some people can be a little camera shy at first, so engagement sessions are a great way to practice so you don't feel awkward in front of the camera on your wedding day!

how many images are included?

You can expect to receive 50-75 final hand-edited images per hour of your coverage. After your wedding I go through every single photo and remove images that you don't want or need like people blinking, or blurry images, and I will edit and deliver the rest in an online gallery. You will have plenty to choose from I promise, I take tons of photos during your wedding, and I always make sure you get the most. If it was my wedding I would want as many images as I could have.

why include a 2nd photog?

A second photographer is included with each wedding collection. Having a second photographer is great when there is a tight timeline, or when each half of the couple is getting ready at the same time and I can't be at both places at once! You also get more photos and different angles of images.
