

## Design Hotels Registration

- Go to: <https://www.designhotels.com/travel-professionals/register/>
- Complete the registration form with Inteletravel as the agency name and IATA as the identifier and Inteletravel head office address (see Essential Travel Booking Guide).
- Select your personal target markets (no need to be exact if not yet sure).
- Click register and you will be emailed with your access.
- When you have access, login here: <https://www.designhotels.com/travel-professionals/>
- Click on the 'Travel Industry Rate' menu and this section contains a selection of hotels in the Design Hotel portfolio which offer travel agents a discounted travel industry rate, bookable directly through this site. Ensure that TRAVPRO is entered in the box underneath date selection (it should already be there if you have navigated to this screen via the Travel Industry Rate menu on the home screen).
- Availability of this rate will vary. It will show 'Travel Industry Rate' if an industry rate is available for your dates. Some of these hotels have a maximum number of nights policy for their industry rates too.
