IMPORTANT TO NOTE

The possible scope of work involved with The Full Planning Experience varies greatly with each individual wedding The Union Studio produces. Using our experience in the industry we've found the best and most fair way to price our services is with a base investment to cover our costs of providing you a service plus an additional percentage based price determined by the type of event that is being hosted.

The base investment for a full planning package is \$12,500. The additional percentage based price is computed on the sum of all contract totals that The Union Studio coordinates during the planning process i.e the total budget of the event. Items that are NOT counted into the total budget are: The base investment of \$12,500, any religious related costs, fashion, legal, rings and website.

PERCENTAGE PRICING STRUCTURE

A 3% total budget fee applied to all hotel weddings or catering facilities where a venue coordinator is available during the planning process and on the day-of.

A 4% total budget fee applied to all warehouse spaces, barns or similar where an existing structure, electricity and plumbing is already in place.

A 5% total budget fee for all ground up build outs and tented events even if hosted on a property that has access to minimal electricity. Any event requiring a permit application such as a TPA, building permit or liquor license application that The Union Studio is essential in obtaining (i.e. if catering team is not assuming these responsibilities) is also subject to the 4% total budget fee

our *additional services*

Depending on the needs and scope of your event, there may be a need to add some a la carte services to your package.

ASSOCIATE COORDINATOR

\$50 per hour local rate – 5 hour minimum
\$1500 weekend rate – Friday Eve, Saturday, Sunday AM

At times, due to guest count or event logistics and demands, an Associate Coordinator of the same caliber of Lead Coordinator may be necessary. Perhaps it's because 1 person cannot be in 2 places at once or the intricacies of the event demand it. Regardless, this is a decision that The Union Studio and the client make together at the final RX. Accommodations are necessary for services 60 driven miles away from zip codes 11225 or 13502.

ASSISTANT COORDINATOR

\$40 per hour local rate – 5 hour minimum
\$1200 weekend rate – Friday Eve, Saturday, Sunday AM

Again, due to guest count or event logistics and demands, an Assistant Coordinator may be necessary. Assistant coordinators focus on decor set up, guest greeting and comfort needs, and other event logistics. This is also a decision that The Union Studio and the client make together at the final RX. Accommodations are necessary for services 60 driven miles away from zip codes 11225 or 13502.

DAY-OF BRIDAL ATTENDANT

\$35 per hour local rate – 5 hour minimum
\$800 Weekend Rate- Friday Eve travel, Saturday, Sunday AM travel

Though The Union Studio always has the hour by hour needs of the Bride and Groom in mind, a bridal attendant is present to be solely focused on needs such as running errands, ensuring food and beverage when needed, monitoring and looking after personal belongings, bustling, bow-tying, working with the Associate Coordinators to ensure the Bride and/or Groom's personal timeline throughout the day and other responsibilities as predetermined by Client and The Union Studio. 10 hours included in weekend rate. Accommodations are necessary for services 60 driven miles away from zip codes 11225 or 13502.
