custom regimens + makeup lessons

“Brielle helped take away all of the barriers that prevent me from doing a proper skincare regimen. Simply, a wonderful experience.”

“I needed someone who could get to know my personality and make recommendations based on ME, and Brielle did exactly that. She came bearing small gifts, the wealth of her knowledge, and an easy going personality.”

“On top of learning so many new techniques and kinds of products that are out there, I now have a go-to make up routine that I’m comfortable applying and makes me feel confident in my appearance.”

*Hey there!*

I am so excited to take you through **Beauty Therapy**, my signature program for custom regimens and makeup lessons.

This is more than a fun experience. It is designed to fix issues and help instill confidence in yourself.

During Beauty Therapy, you will learn to care more for YOU by letting me guide you to the proper skincare and makeup products while teaching you to use them in the right way. We will work together to build a strong foundation through hands-on instruction where you will learn professional makeup techniques and appropriate skincare layering.

I have split my coaching up into 2 options: one that is product-focused and designed for you if you need a new & effective regimen created by a pro (*me!*), and a second option that includes a hands-on makeup lesson along with a custom regimen.

I love Beauty Therapy because of all the benefits it offers to my clients, and I cannot wait to work with YOU.

xoxoxo,

*Brielle*

## Custom Regimen \$195

Whether you live in the Georgia area or are out of town, this coaching option is designed to help you learn the exact products that will work for you. Choose skincare or makeup and we will focus your regimen that way.

This program is designed for you if you are struggling with stubborn skin issues and need a new regimen to help get your skin back to glowing and healthy. It's also a great option if you feel like you want to focus on a "makeup bag rehab". Maybe you know how to put makeup on already but have been using the same products for years and want a new list of go-to's.

I will create a list of products that work for you according to your needs + wants and will help sort through your old products too.

### **What you'll get:**

- Custom Skincare or Makeup Regimen
- Products ordered for you
- Product education with notes on proper usage
- (1) Intro Call & (1) Followup Call

## Hands-on Skincare & Makeup Coaching \$595

I get so many questions, daily, about what skincare products are good, and how to put eyeshadow on and make it stay?!

This program is for you if you find yourself wondering “Why do I have all this makeup I never use?”, “Will there ever be a foundation that matches my skin tone?”, and “Am I just the only one in the world struggling to blend this eyeshadow?”

I bet you have no more than 10 minutes in the morning to do both your skincare and makeup before you rush off to work? Or if you have kids, you probably have 2.5 minutes (that you use to breathe) and not much time for anything else.

Let me help you narrow your products down to exactly what you need, and then teach you how and why to use them the right way.

Makeup will be fun after this program and the hands-on technique training will change your makeup skills forever!

### **What you'll get:**

- Custom Skincare or Makeup Regimen
- Product ordering to your door
- Product education & extensive notes on proper layering
- Hands-on Makeup lesson (2 hrs) virtually or in person
- (1) Intro Call & (1) Followup Call
- Access to Brielle for questions and product updates for up to 3 months
