THE VIBE

MODERN AND COSY

Organic

It's full of cosy textures,
neutral decor with
personality

A newly renovated 1930s detached home on a large plot in the seaside town of Portishead on the outskirts of Bristol with views over the channel. Owned by an Interior Stylist, this property has the real wow factor with open plan living space featuring a modern organic solid wood white shaker kitchen and 3 metre oak and quartz island, Italian range oven, drinks station and hidden pantry. Heavily influenced by Californian Casual style rarely seen in the UK, it's full of cosy textures, neutral decor with personality, oak flooring and a large entertaining space. Ideal for film and photography, it offers plenty of natural light with a blend of 1930s features and modern sophistication. The driveway will hold around 6 cars, providing easy access for shoots.

The House DETAILS

— ACCESS

It's completely level all the way through the ground floor and there are no carpets, all wood or vinyl flooring. There's a step up to the front door or small step to patio doors at the side for wider access.

I have a ramp that can help in gaining access over the entrance steps
