

Notice of Fee Increase from July 1, 2025

Dear Parents and Guardians,

Uplift Education has always stood for more than just academic success. We are a community dedicated to nurturing discipline, confidence, and ambition in our students. Over the years, our students have achieved remarkable results from 99.95 ATARs and state ranks to early university admissions and prestigious scholarships. More importantly, they have grown into individuals with purpose, integrity, and resilience.

This culture of excellence is no accident. It is the result of maintaining high standards, delivering quality mentorship, and fostering an environment where committed learners can thrive.

In line with these values and to ensure we continue delivering the highest standard of education and care, **we wish to inform you of a modest fee adjustment that will take effect from July 1, 2025.** This adjustment will support us in retaining exceptional mentors, enhancing our resources and maintaining a space that prioritises learning, personal development and accountability.

Updated fee structure from July 1, 2025

Year 7 – 9

	Online only	Face-to-Face (Hybrid)
One Subject	\$360 (incl. GST)	\$400 (incl. GST)
Two Subjects	\$675 (incl. GST)	\$750 (incl. GST)

Year 10 – 12

	Online only	Face-to-Face (Hybrid)
1 st and 2 nd subjects	\$450 each (incl. GST)	\$500 each (incl. GST)
3 rd , 4 th and 5 th subjects	\$400 each (incl. GST)	\$450 each (incl. GST)

Important Note About Face-to-Face vs Online Fees

Please note that the face-to-face rate applies to students who choose to secure a permanent physical spot in the classroom, regardless of how many of their prepaid sessions they attend in person or online.

*For example, even if a student enrolled under the face-to-face option chooses to attend 7 out of their 10 lessons online, **the face-to-face rate will still apply in full.** This is because we are holding a guaranteed place for them in the classroom.*

If you opt in as online, **your child will not have a reserved classroom seat and their participation will be exclusively online.**

To ensure clarity moving forward, we ask that all families **update their enrolment mode** by clicking the link below and confirming their preferred option for 1 July onwards.

Family and Referral Discounts

Our family discount will remain in effect. Families with multiple children enrolled will continue to receive a 10% discount per invoice for each sibling.

Additionally, our referral discount program will continue to operate. For each new student you refer who completes full enrolment (by finalising their 10-lesson fee), you will receive a one-time discount credit note equivalent to 10% of your 10-lesson fee, which will be applied to your next invoice.

Kind Regards,

Uplift Education Management
