I can't compliment the venue and the team enough after hosting our September 2022 wedding! My husband and I took a big leap of faith when we booked the venue based on renderings but are so glad we did!! Every detail was truly thought of in the build out of this amazing space. And above and beyond the beauty of Hart and Main, I can't thank the staff enough for ensuring our day was perfect and stress free. My parents complimented that aspect as well. They took care of everything so we really got to just enjoy the day with our friends and family....they even packed up all of our decor for us and loaded it in our cars so we could soak up every second of the party. Thank you again to the amazing Hart and Main team for helping us host an event we'll never forget!

Just had my wedding here this past weekend! An absolutely gorgeous venue perfectly situated in a walkable, lively neighborhood with a lovely boutique hotel directly across the street to accommodate guests!

The venue has beautiful on site bridal and groom suites, roof top, bars, full kitchen, ample space. The staff was great to work with, very accommodating and fair.

My dream venue. My dream wedding!
Could not recommend this place more!

We loved getting married here, we had an Indian / Egyptian wedding with a Hindu ceremony. We were recommended to work with TD events. It went amazingly well! Jordan, Lisa, and Mike made themselves available to answer questions as needed. We talked to Jordan a bunch before booking to make sure we could do what we wanted to incorporate both cultural and personal elements. This venue doesn't allow open flame but worked with us on a case by case basis after understanding what our ceremony would include in terms of an open flame. Lisa met with us and our families to see the venue a few times before booking. Mike made sure to reach out to us a few weeks before the wedding to check in on how we wanted the bar to be and answer alllll of our many questions and he was so kind about it.
