

MODULE 4

Naturalization of Indoor Spaces

PRIVATE HOUSES, OFFICES, COMMERCIAL SPACES

Nature-integrated interiors that benefit productivity, creativity,
and connection to the natural world.

CLIENTS & INVESTORS

Designed for forward-thinking homeowners, business leaders, and conscious developers seeking to create nature-connected environments.

Ideal for investors who prioritize creating environments that enhance human well-being through healthy architecture.

IMPACT & GAIN

- Enhances well-being, productivity, and calmness through naturalistic design.
- Uses neuroesthetic design to create calming, focused spaces through natural elements.
- Positions your space as a future-thinking, environment.

DELIVERABLES & PROCESS

1. **Conceptual Design** – natural light flow, material palettes, indoor nature features, sensory mapping
2. **Detailed Design** – technical drawings, sourcing guidance, and schematic visualizations
3. **Process** – Online meetings, revisions, and on-site assessment

INVESTMENT & TIMELINE

Timeline: Upon request

Investment range: Upon request

Please note: Investment varies based on facility size, ecosystem complexity, and design scope.
