STORY

NEW HEART CHURCH

STORY OFFERING 2025

The mission of the Tulsa Boys Home is to provide the highest quality residential care for boys needing placement outside their home, for the purpose of developing well-adjusted, responsible adults and strengthening the family.

As a church we are honored to be a part of making every story matter for these boys by showing them how much God loves them.

WINTER INITIATIVE

Every December we set the table for an evening of generosity and celebration — a dinner designed to ignite joy, value, and have eternal impact on the next generation. We believe love is in the details. With a dynamic menu, fun Christmas activities, a memory-making inflatable or three, and a space to create meaningful connection among the TBH family and our NHC serve team, every moment is crafted to make the boys of TBH feel loved, valued, and believed in. In years past, we have had the beautiful honor of gifting each boy a brand new pair of Nike shoes, tablets, and speakers for their lodges, with the hope that each boy leaves knowing they are seen and valued, and that their story is still being written by a God who knows and loves them specifically.

SUMMER INITIATIVE

Every summer, we organize a one-day summer camp experience for the boys of Tulsa Boys Home. This is a day of recreation, mentorship, and celebration. Through fun games, shared meals, and our NHC serve team, each boy is seen, supported, prayed for, and empowered to simply get the chance to be a kid for the day.

MONTHLY

Monthly, we send a team of leaders to the Tulsa Boys Home to spend time, develop relationships, play games, and pray with the boys of TBH. Our prayer is that with consistent and intentional investment of our time and resources, each boy of TBH has the opportunity to hear and experience that their story matters.

Your generous giving through the Story Offering fuels our ability to continue this beautiful partnership with the Tulsa Boys Home and make every story matter right here in our city.

GLOBAL OUTREACH

Christianity is a minority religion in Thailand, with roughly 1.2–1.4% of the population identifying as Christian.

Last year as a result of our Story Offering, our church generously contributed to the launch fund as well as committed to supporting monthly a family of five who, in November of this year, have just arrived in Bangkok, Thailand to plant a church to minister to those not yet reached by the gospel of Jesus Christ.

Your generous giving through our 2025 Story Offering will have an eternal impact in making every story matter in Thailand. We are believing for increase in the number of salvations and lives changed in Thailand. Your giving impacts stories written across the world.

THAILAND

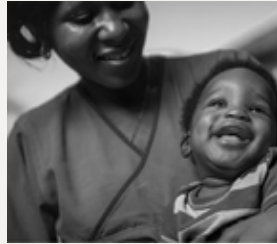

Watoto brings hope and healing to vulnerable women and children in Uganda and South Sudan.

Monthly, our church sponsors 5 children from Watoto Church in Uganda, Africa. This sponsorship makes a way to provide food, housing, clothing and schooling for each child!

Additionally our church is going to sponsor a single mother from the Watoto Neighborhood program. This provides discipleship, literacy and business training, healthcare support, life skills, and teaching them a trade so they can support their family.

Your generous giving during the story offering has a direct impact for children in Uganda by supplying basic and practical necessities.

WATOTO UGANDA

THE BIBLE IN EVERY LANGUAGE

Scripture promises that Jesus will be known among every nation — and our church has the opportunity to be a strategic part of making that a reality.

illumiNations is a global movement to accelerate the completion of Bible translation for every people group. Of the 7,000+ languages in the world there are still 3,052 languages with little to no scripture.

As a church, we will monthly support illumiNations to translate 12 verses of Scripture each year, until the work is done.

Honduran Fellowship is an organization in Honduras whose mission is to care for the spiritual and emotional health of missionaries and their families who are pouring their lives into serving the nation of Honduras.

Last year, through our Story Offering, we had the honor of sponsoring several missionary families to attend a conference and retreat that Honduran Fellowship hosts for Honduran missionaries to provide a space for refreshment, community with others on a similar mission, and resources. We also had the honor of sponsoring a team right here from New Heart Church to travel to the Honduran Fellowship conference in March and organize fun and engaging kids programming for children of missionary families to attend while their parents received some much needed rest and spiritual investment.

Your generous giving through the Story Offering will be the catalyst for continued investment in Honduran Fellowship and their mission in Honduras by making a way for more missionary families to attend their retreat as well as sending another missionary team from New Heart Church to serve at the 2026 conference.

HONDURAS MISSIONARIES

The future is bright at New Heart and it all starts with New Heart Kids. We believe in partnering with families to raise the next generation of world changers to know how loved they are by God, that they have a purpose, and that their story matters.

We want to invest in the experience of the next generation showing them how much their stories matter to us. We plan to refresh our kids wing environments & programming in New Heart Kids.

Your generous giving through the story offering contributes to building an environment where our next generation of leaders will know they are cared for, loved, valued, and believed in.

NEXT GEN

NEW HEART CHURCH

THE FUTURE IS BRIGHT

We are passionate about creating an environment and experience where every ONE has an opportunity to encounter God's spirit and His heart for His people.

Campus improvements will be made toward essential technical upgrades that will enhance our worship experience. Our goal is to improve areas in our technical systems to offer the most powerful and engaging worship experience as our church meets in person and online.

The collective generous giving through our Story Offering will impact our technical worship + will directly impact making stories matter in our city and beyond by curating a quality production experience.
