*the couples guide*

## *You found each other!*

And in a world of 7.5 billion people, that's pretty darn remarkable. There's nobody more perfect for you and nobody who knows you better. You could be miles from home and still feel comfort because one thing is for certain...

*...you're better together.*

A photograph is a reminder to stop and savor life. It reminds us of what really matters during our time here on Earth and preserves our precious memories. Love lasts forever but this chapter of your life together won't, so let's capture it.

# how to book

---

01.

## *scheduling*

The best time of day for lighting is within the last 2 hours before sunset, or "golden hour." This can change, depending on the time of year and location, so please get in touch with me to confirm the best time for your session.

02.

## *session fee*

A \$200 retainer is due to book your session. This retainer is non-refundable. Once a session date has been determined, you will be emailed a link to approve your quote, sign your agreement, and pay the fee. Once paid, your session will be officially booked. The remaining balance is due no later than your session date. All payments can be made securely online.

03.

## *first come, first served*

Your session time is not reserved until your retainer is paid. Your preferred session time may be reserved by other clients if their retainer is paid first.

04.

## *cancellation policy*

If client cancellation occurs fourteen or more days prior to the session, the retainer can be transferred to a mutually agreed upon date. If client cancellation occurs thirteen or less days before the session, client then forfeits the retaining fee as compensation to the photographer for holding the agreed upon time. Exception is made for inclement weather, which the photographer may deem unsuitable for photography. In this case, the fee may be transferred to a new session time.

## *photography should be lived with and enjoyed*

Digital files live on hard drives, on USBs in desk drawers, or on the crowded cloud where you'll never find them. I know you have the best of intentions for printing them someday. Creating that beautiful gallery wall or photo book is on your to do list (and has been for some time).

But who really has time for that? And wouldn't that time be better spent with the loved ones in the photos anyway? Leave the design and print work up to me and you'll have gorgeous prints and more free time. Win-win.

### *FINE ART PRINTS*

I love offering my services when it comes to planning a gallery wall, or framed images for any part of your home.

# f.a.q.

## WHEN WILL OUR PHOTOS BE READY?

You'll receive a link to your online gallery via email 2-3 weeks after your session. If you need them sooner than that, rush processing is available for an additional fee.

## HOW DO I ORDER PRINTS?

Prints, holiday cards, wall art, and more can be purchased through your online gallery.

## CAN I MAKE MY OWN PRINTS?

Yes, you may have your photos printed by a third party company. However, I cannot guarantee the quality of prints made by any other company, as printers and paper quality vary. Your photos will be best represented when paired with our professional lab and printed on archival quality prints that are meant to last.

## DO YOU USE PHOTOSHOP?

I always use the most flattering angles and lighting possible, so I typically do not usually edit in Photoshop. Minor blemish removal is included. Advanced retouching can be purchased for \$25 per image.

## CAN I SHARE ON SOCIAL MEDIA?

Yes, feel free to share your beautiful new photos online! But please do not add filters or re-edit the photo in any way. I always appreciate a tag so I can see how much you're loving your photos. Instagram: @rachelzeephoto

## WHAT IF WE HAVE A LARGE FAMILY?

I love photographing extended families! Additional family members (more than 4 people) can be included in the session for \$50 a person. This fee covers additional time for more groupings, resulting in more photos and more fun.

## WHAT HAPPENS IF IT RAINS?

If the forecast calls for rain, we will try to pick a time when it looks likely clear up. If it's supposed to rain all day long, you are welcome to reschedule your session with no additional fee. If you're visiting the area and rescheduling is not an option, I will refund your retainer.
