NEWBORNS

# Hi, Friend!

---

*I'm so excited that you are here!*

*I'm Lauren and I can't wait to get to know you and your family. My favorite thing about being a photographer is really getting to know my clients and photographing families as they grow and change. I would be honored to be the one to document your family's story!*

*Congratulations! You have a new baby!*

*Your baby is going to grow and change so much from those first few weeks. You will blink and they will be a walking, talking toddler. Blink again and they will be in Kindergarten. But right now they are tiny and new and perfect. You will want to look back on pictures of these days over and over again.*

*A newborn session takes a lot of special training and talent. I have been described as a bonefied “Baby Whisperer”. I have three kids of my own and I am a trained postpartum doula and a babywearing educator. Your little one is in good hands with me!*

# NEWBORN SESSIONS

*Those first few weeks with a new baby are a blur of emotions and anxiety and lots of sleepless nights. But your little one is going to change so much in the first month! This is the only time that they will be this little and your only chance to have their smallness professionally photographed. Newborn portraits will give you a way to look back at their baby rolls and pouty lips forever.*

---

\$ 625 . 0 0

*2-3 Hour Photo Session*

*Swaddled and Unswaddled Poses*

*15 Digital Images*

*Proofing Gallery*

*Print Release*

# Frequently Asked Questions

## Where and when are sessions held?

Newborn sessions are held on weekday mornings in my Springdale, Ohio studio.

---

## Do I need to bring anything to my session?

My studio is stocked with everything we need for beautiful newborn portraits. I have a full rainbow of backdrops and swaddle wraps and lots of little headbands, hats, and rompers.

---

## Can parents and siblings be in pictures too?

Absolutely! I always start sessions with parent, family, and/or sibling pictures. That way after your portion of the session is complete you can put your feet up and relax!

---

## Who gets to pick which images are included in our gallery?

You do! After your session I look through all the images from your session. I delete any duplicates, images with awkward expressions, out of focus images, and any others that are not up to my professional standards. I upload all those images to a proofing gallery so you can see them all and choose which images you would like to include with your package. Additional images may also be available for purchase at that time as well.

## What if my baby doesn't cooperate?

Newborn sessions are very relaxed and laid back. I only schedule one newborn session a day, so you never need to feel rushed at your session. I follow baby's lead through the session and take as many breaks as we need for baby to eat or snuggle. If your little one still isn't cooperating with our session even though all their needs are being met, there will be the option to try again another day to get enough images to fill your gallery.

---

Do you have other questions? Let's chat! I am happy to schedule a phone or zoom consultation to plan your perfect session and answer all your questions. Or you are always welcome to email me at [DrawinginLightPhotography@gmail.com](mailto:DrawinginLightPhotography@gmail.com)
