

Get One and RUN Bootcamp

If you're new to the marketing business or just want to know the exact blueprint for making connections, exposing the business opportunity and ultimately creating a successful business and team of travel agents, then the Get One and Run Bootcamp goes through the basics and more. Rachael Lalji and Leah Lockett lead the two most successful UK teams within Plannet Marketing - the network marketing company which distributes our travel business - Inteletravel.

There are six sessions, and we advise to watch one per week for 6 weeks.
