

The Cocktails &
Caregivers
Foundation

Annual Report

2022

Prepared By:

The Cocktails & Caregivers Team

OUR NEXT CHAPTER

The past two years brought big change both inside and outside of our little foundation (Our founder got married! Congrats Amanda & Chris!). A pandemic forced us to grow in ways we didn't know were possible and as we virtually connected with more caregivers, it influenced us to change our name to reach those caring for loved ones outside of the cancer community. We kicked off 2022 formally stepping into our new brand as Cocktails & Caregivers at the Blue Tie Gala and haven't looked back since.

We all know change can be hard---especially when the original story of this foundation is so rooted in the love story of our founders, Amanda & Joe. The beautiful part about life though is; next chapters exist. We can still hold the original story, the place where this all began and make it fit, even enhance the new tale of C&C, too. Cocktails & Chemo was our chapter one. Cocktails & Caregivers; our chapter two. How will we know how the story ends if we don't turn the page? In this next chapter we get to serve even more people because the foundation's story is really about more than cancer. In this chapter, we will use Joe's legacy to fuel the support for every caregiver.

Cheers,

Alex Umbach, Vice President

We Give Because We've Been There

"It was around 2010. We were in our house in Broad Ripple and had just heard about a 16-year-old diagnosed with cancer. Chris said, "Oh my gosh, can you imagine being 16 and having cancer."

And Julie responded, "Yes, that was you."

According to Chris, "That's one of the first times I remember it hitting him that I had cancer. Sure, I knew that I had cancer. I was diagnosed in 2003 and had been seeing a dermatologist for various treatments since 1997. But we didn't call it cancer. And so, I didn't think about it in those terms."

In 2022 The Martini Club raised \$14,500 with 44 VIP Members!

Just Do Something

My husband Nate and I first heard about Cocktails & Caregivers (Cocktails & Chemo at that time) from our good friend who is part of the board of directors at C&C and thought, "oh, that's awesome." At the time, we couldn't understand how vital or "awesome" this organization was.

In June of 2021, we learned that my friend of 20+ years cancer had returned and spread to other organs. Stage 4 colorectal cancer.

Nate spent hours researching, "What do you do when your friend has cancer". The answer, just do something.
