# WHAT TO EXPECT

*my style*

My photography style is bright, true-to-life, and full of color. A timeless look that feels as vibrant and authentic as the moments themselves. I focus on capturing real connection and genuine emotion, creating images that won't go out of style and will still feel like you decades from now.

Your wedding photos are more than just pretty pictures, they're a legacy of love to pass down through generations. I believe in capturing the kind of moments your future grandchildren will hold in their hands and feel the joy you lived.

## *I'll Guide You*

Most people feel a little awkward in front of the camera (you're not alone!), which is why I don't expect you to know what to do. I'm there to guide you, help you feel confident, and create space for real moments to unfold naturally. Think direction when needed, freedom when it counts. All so you can relax, be yourselves, and trust that it's going to look amazing. You bring the love. I'll take care of the rest.

Together with our families  
we lovingly invite you to the wedding of

LIBBY**
