A Page Per Day

Create your day by prioritizing your to-do list, incorporating habits and time blocking to make the most of each day!

As a business owner and busy mom of boys, I felt so overwhelmed with using multiple planners and tools to keep track of ALL THE THINGS that I was running on empty and feeling inefficient, at best. I about drove myself crazy with trying to keep up with everything!

When I found out I was unexpectedly expecting baby #4, that was it for me. I said there had to be a better way for people like myself - women who are juggling multiple roles in life - to not feel like I was aimlessly striving for a checked-off to-do list. I wanted to create a more purposeful solution, because at the end of the day, we have just one life to live, and we want to spend our time with the people and on the things that matter most to us. And so, the Purpose Planner was born.

My hope is the Purpose Planner will help you live intentionally, keeping you motivated and moving toward your goals in life - and perhaps even help save some of your sanity!
