CHECKLIST

7 QUESTIONS TO ASK YOUR PHOTOGRAPHER BEFORE YOU BOOK THEM!

Use this checklist when you're interviewing wedding photographers. These smart, essential questions will help you avoid surprises and make sure you're choosing the right person to capture your big day.

1. What inspired you to become a wedding photographer?

Why it matters: Understand their passion and what drives them to capture wedding moments.

2. Why do you want to photograph our wedding?

Why it matters: See if they genuinely connect with your love story or wedding vision.

3. Can we see a full gallery from a real wedding?

Why it matters: Highlight reels only show the best; full galleries show consistency and quality across an entire day.

4. Can you provide references or reviews from past clients?

Why it matters: A professional with a good reputation will be happy to share reviews.

5. Can we review the contract before booking?

Why it matters: A contract protects both you and the photographer—make sure it covers the important details.

6. What's your backup plan if something goes wrong?

Why it matters: Every pro should have backup gear, a backup photographer, and a solid emergency plan.

7. How many weddings do you shoot per year?

Why it matters: This question helps you evaluate their experience level, workload, and how focused they'll be on your big day.
