Caroline Ponce

Hi, I'm Caroline! I am based in South Louisiana near Lake Charles. I am a wife and a momma to a beautiful baby boy. I began photography in 2020 as a hobby. I didn't even have a camera yet! I worked on my iPhone until I could get a camera.

For my birthday one year I was gifted a Kodak PixPro and that's when I really began to give it all I had. Throughout the years I have learned so many important things and have captured such beautiful memories for others. Photography has always been a passion of mine but even more so when I had my son in May of 2024. I realized that moments are absolutely fleeting and I wanted to remember every second of it. That's when I found my niche - family and children's sessions. It is so special to me capturing the life that two beautiful people have built from the ground up. Hearing the appreciation from my clients after receiving their galleries truly fills my heart with such joy. Photography has never felt like a job to me, it has always been a dream of mine that is a beautiful reality now and I couldn't be any more grateful.

Gear: Canon 90D with a 50mm f/1.8

Location: Welsh, Louisiana + Travel

Niche: Family + Children Lifestyle Photography

What inspired you to start doing photography: Even as a young girl I lost several people close to me. I wanted to make sure I could help others hold on to special moments like I wish I could.
