# THE EXPERIENCE

## BEFORE THE DAY

Once you have booked us, you don't have to worry about anything else to do with your wedding photography until much nearer the day. We will meet again at the studio a few weeks beforehand to run through the final details where we will discuss your specific requirements so that you have the images, style and approach to your wedding photography you prefer – you can then leave everything with us and just enjoy your day.

## DAY OF THE WEDDING

Wow – it's finally here!! We can't wait to take your photographs. Whether its preparation shots at home or your venue, we will arrive in plenty of time to start storybooking your day photographing the final touches before you say, "I do".

Guests start arriving and the anticipation of the service is building, all of which is being photographed, together with the service itself.

You have tied the knot..... go and enjoy the company of your guests with your drinks and canapes whilst we informally photograph everyone having fun.

After a short while, we will ask if you are ready to start your photography.

Now its time for us to take you away for some "you" time,

when those magical moments unfold whether it be stunningly composed portraits or natural and relaxed shots capturing who you are as a couple. We love to do both!

Dependent on your choice of coverage, we will either leave you when you are seated for your wedding breakfast or continue into the evening to photograph your speeches and first dance.

## AFTER THE DAY

The wait is over!  
Let's relive your day all over again!

At our studio you  
will see all your images displayed  
on our 70" 4k TV for your  
cinematic viewing, set to music,  
with drinks of your choice and nibbles.  
We will have arranged your wedding viewing  
at your pre-wedding appointment.  
Family and friends are most welcome  
to come along too  
– the more the merrier.

As a wonderful addition to your  
USB stick, our wedding albums and wall  
products are showcased at our studio for you  
to further personalise the presentation  
of your photography.  
(See our 'Presentation' page).

After your evening viewing with us  
we will create a  
private online gallery  
for family and friends to see  
all your images.

# KIND WORDS

"Thank you to Steve & Tash for the fantastic job you did on our photography for our wedding day. We have had such a great experience all round from our 1st meeting discussing the wedding right through to viewing the final photos at your studio. You both very passionate & dedicated to your profession & it's refreshing to see. The quality of your work is also really impressive. Thank you again" - Vito & Sophie

"Steve and Tash were absolutely incredible. We were lucky enough to come across them when they were photographing a friend's wedding and we knew then that they would be perfect for our wedding. The work they produced from their wedding and all of the laughs they had that day made it a no-brainer. We met with Steve and Tash various times leading up to our big day and it felt as if our friends were coming to capture the day for us. They had us laughing, feeling comfortable and enjoying our day from start to finish. We have seen our photos and could not be any happier - they are incredible. There is no one else I would ever recommend and we will both be going to them for any future photography needs. Thank you both for everything!" - Michelle & William
