

NADIA
— AND —
CHRISTOPHER

ON CLOUD NINE

Christopher and Nadia Campacci's wedding took place on July 13, 2024, at the iconic Casa Loma in Toronto, brought to life with the expert guidance of event planner and designer Alyssa Mauro from Event Shoppe by Alyssa & Co. The celebration featured a timeless white palette with rich textures, beautifully enhanced by the floral design of R5 Event Design. Together, they created an ethereal atmosphere where guests felt as though they were walking on a cloud.

Nadia and Christopher's love story began in the idyllic setting of a lakeside cottage during the summer of 2021. Introduced by mutual connections—Christopher's cousin and Nadia's best friend, who were dating at the time—the pair quickly bonded over their shared love of adventure and close-knit family values.

Two years later, their journey together reached a milestone with a proposal that was both personal and unforgettable. As avid golfers and members of The Pulpit Club in Caledon, Ontario, the couple had spent countless special moments on the course. It was there, on the ninth hole, that Christopher knelt down and asked Nadia to marry him.

Their families, watching from a distance, erupted in joy as photographers captured the intimate moment. The celebration continued with a joyful lunch at the clubhouse, surrounded by their loved ones, marking the beginning of their engagement with a day filled with love and laughter.

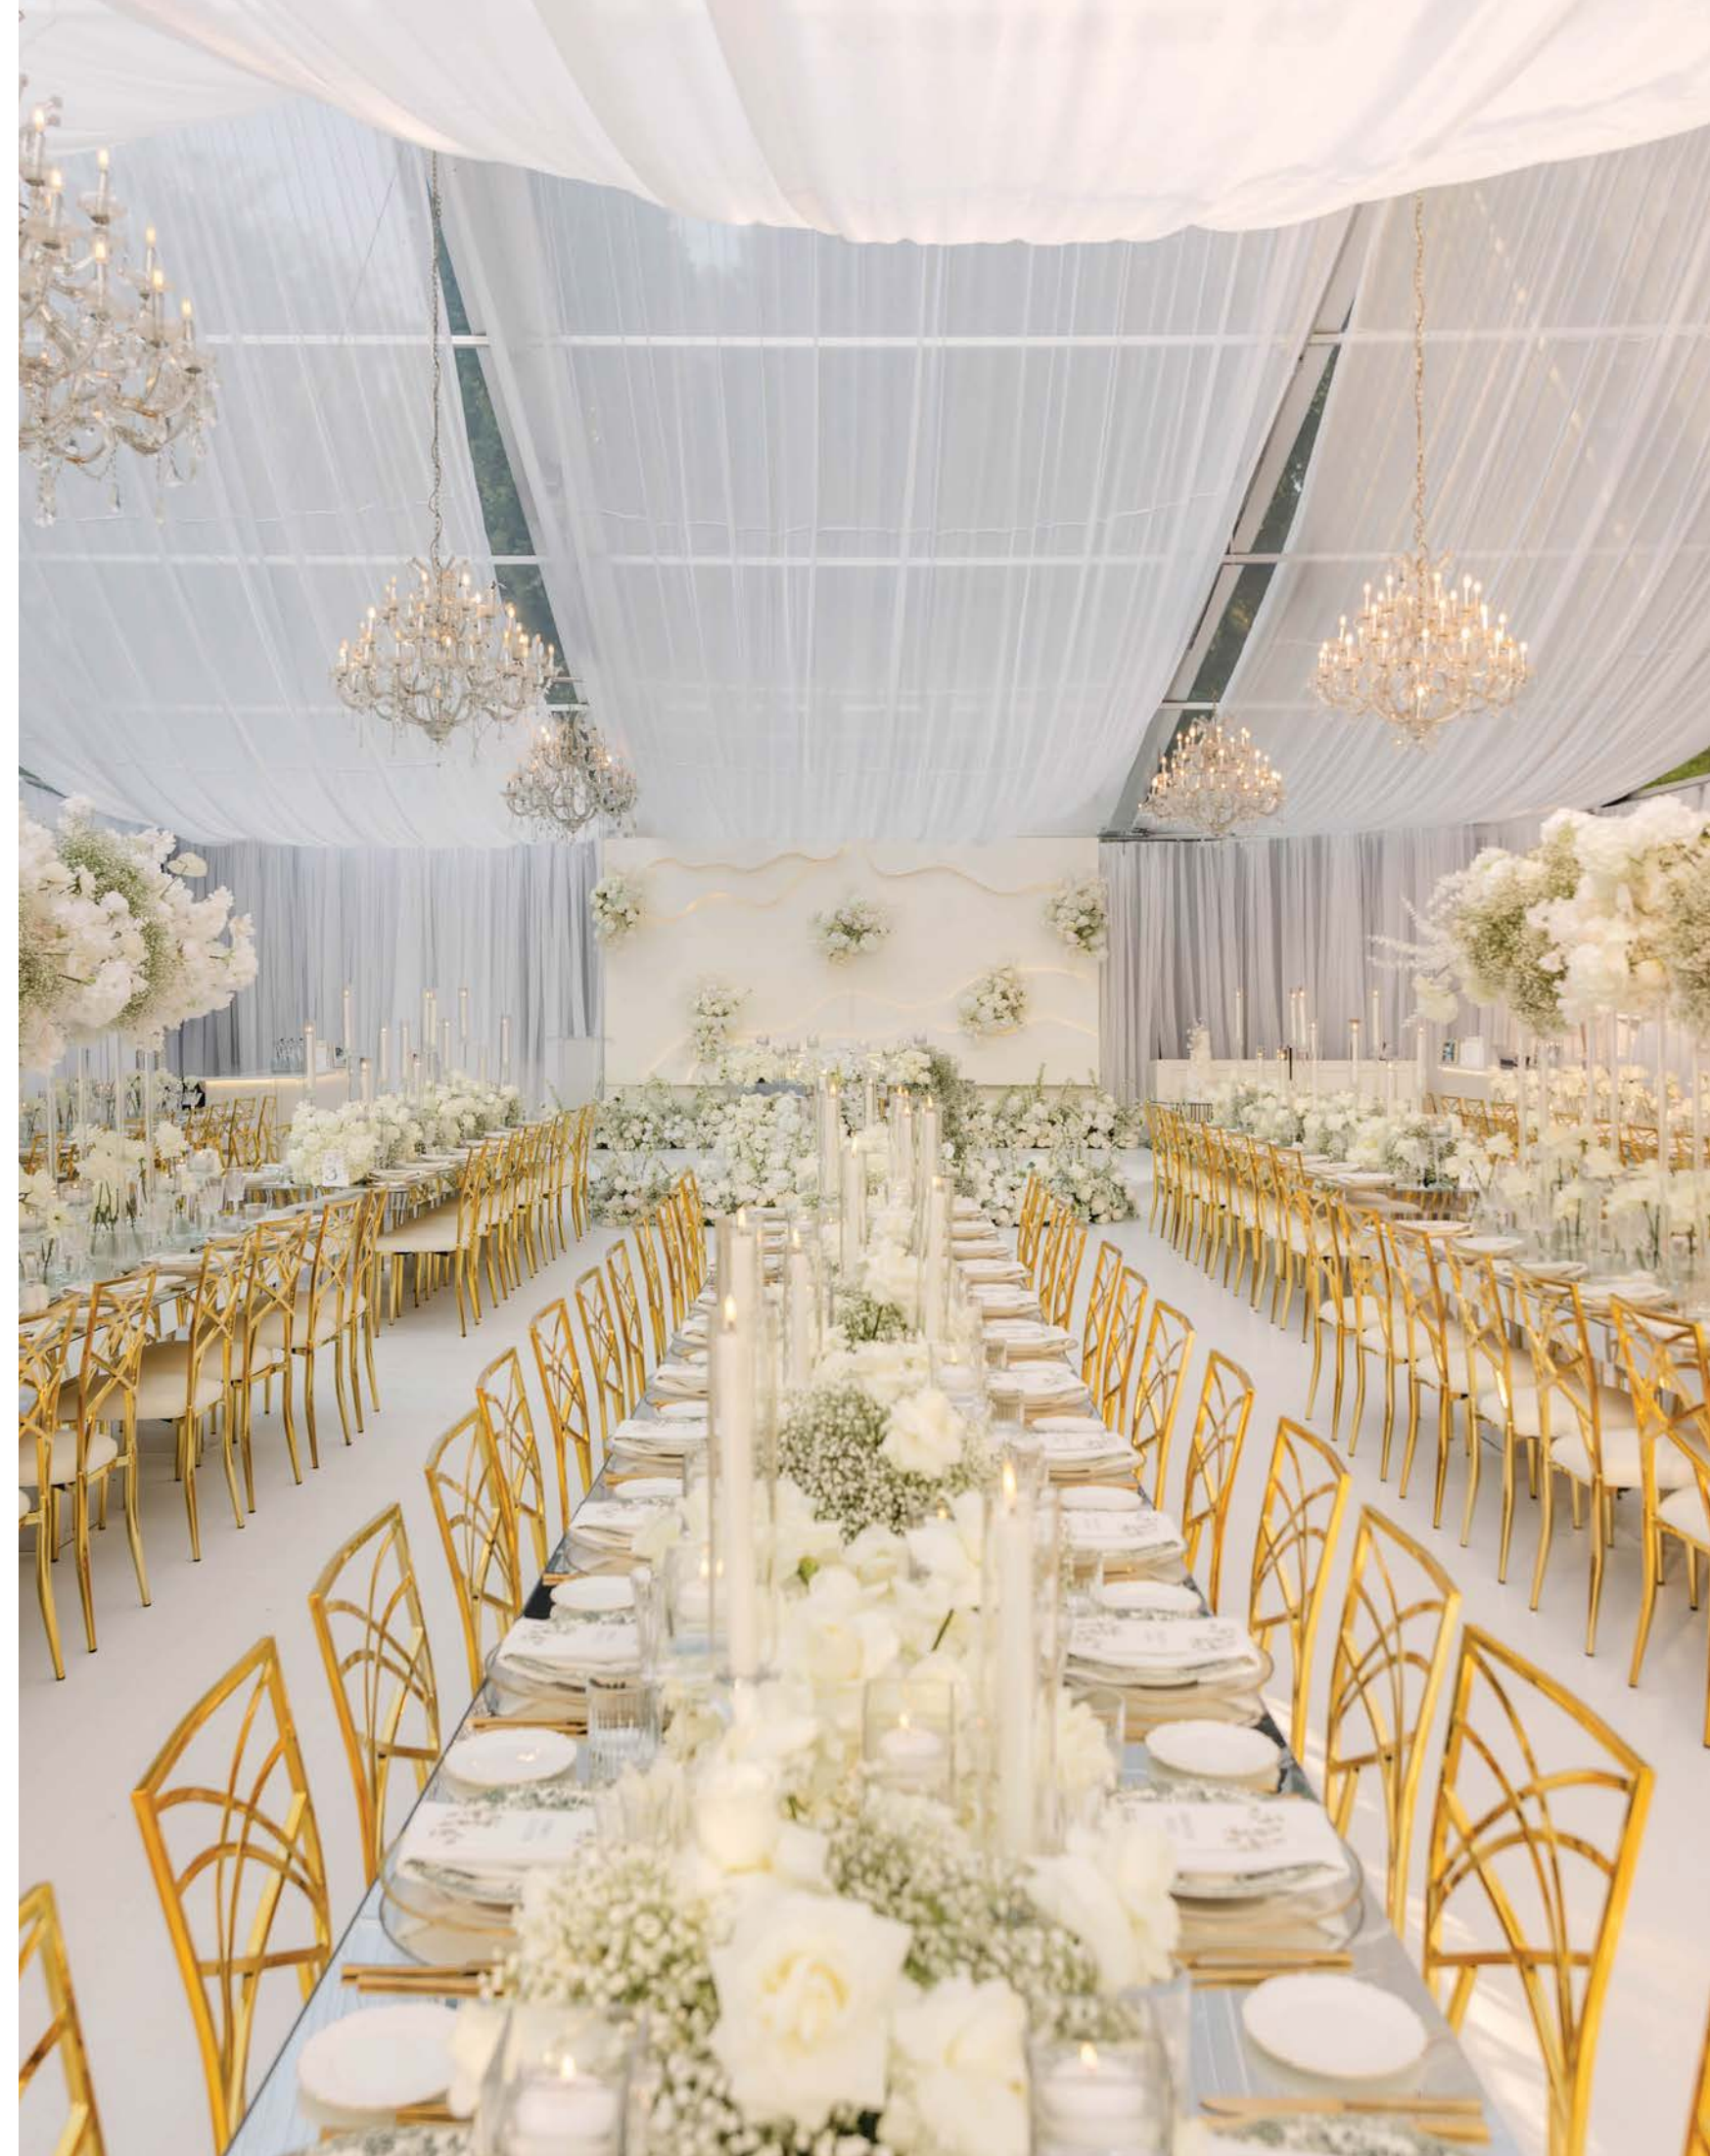

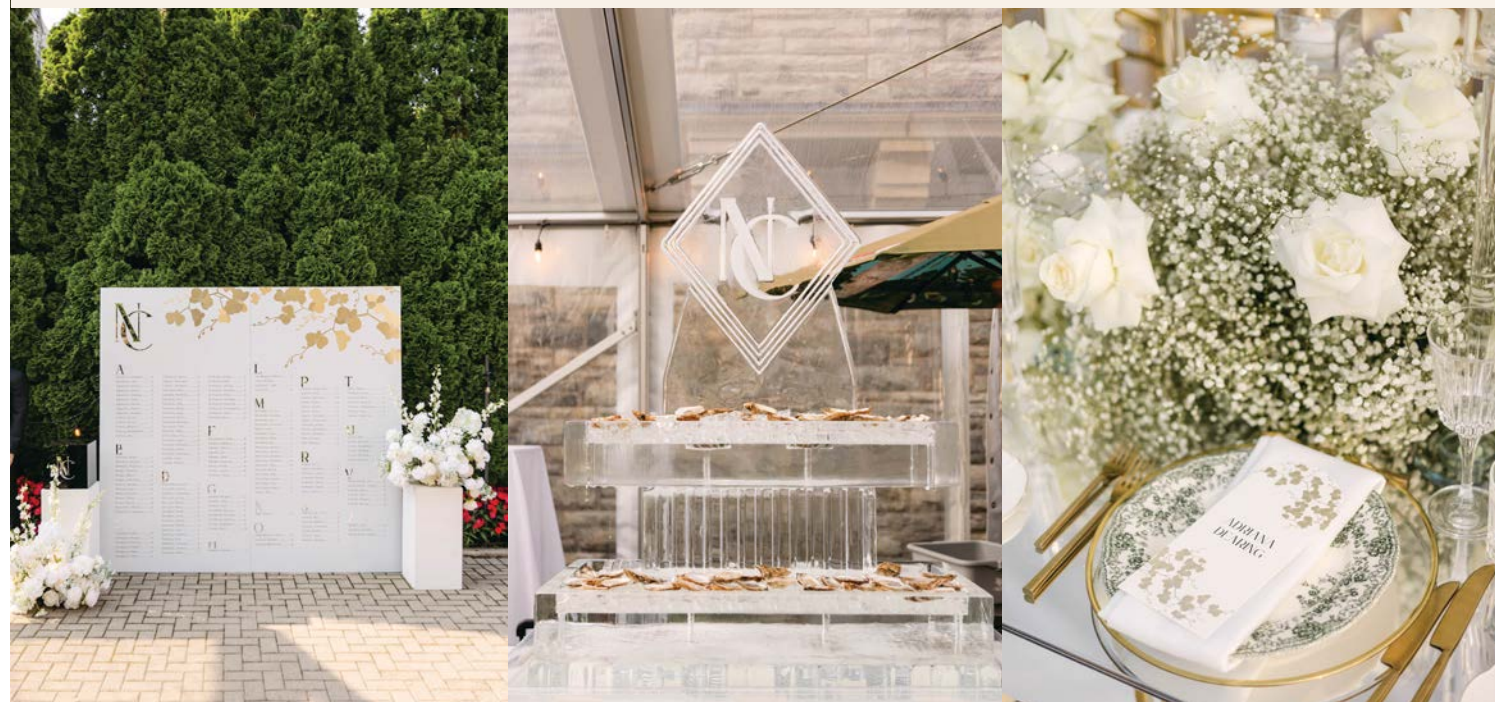

Their wedding day was a seamless blend of elegance and romance. Nadia looked stunning in a custom Galia Lahav gown, purchased from White Toronto, paired with Dior J'Adior slingbacks and a Lady Dior bag gifted by Christopher on the morning of the wedding. Christian Dior proved the perfect choice for gifting bridesmaids too, as Nadia thoughtfully chose Dior bracelets for her bridesmaids and Maids of Honor, a nod to the shared initials "CD" that perfectly tied in with Christopher and Nadia. Christopher complemented her beautifully in a bespoke tuxedo, accessorized with a Rolex Sky-Dweller and cufflinks from his late grandfather.

WALKING ON A CLOUD

The reception took place in Casa Loma's glass pavilion, which was transformed into an elegant, all-white space. Guests dined at tables adorned with textured floral arrangements in varying heights, designed by R5 Event Design, and complemented by gold accents and ornate tableware. The evening featured several custom design elements, including monogrammed stationery, food packaging, and ice sculptures.

“We wanted our guests to feel like they were walking on a cloud—it was ethereal and unforgettable.”
