All the planning and coordinating is behind the scenes, but when your guests receive your bespoke invitation, I guarantee it'll get them excited to see your hard work come to life.

MEET GRACE

The creative mind behind the scenes, eager to bring to life your vision to create a cohesive first look into your event through the art of paper.

I've always had a penchant for creating, lettering, hoarding stationery supplies, and designing custom invites that blend your vision with your aesthetic. This business started when I designed my own wedding stationery in 2015 and I've been in love with the process ever since!

Now, I provide my design knowledge and access to premier printers across the country to bring you a delightfully designed suite of stationery, no matter the event.

In my free time, I work as an RN, am a certified wedding planner, a wife, plus the mom of an amazing little guy!

I can't wait for the opportunity to work with YOU and bring your ideas to life!
