Therefore your photogrpaher could see if the date is available and available to travel there,
in case it is not a local photographer

GUESTS

WHY THIS SHOULD
BE IMPORTANT?

NUMBER

In order to tell your story and document in its proper way,
I do recommend a second photographer when our guest list exceeds 120/150.
This would help to everybody in your family and friends get documented.

SHARE YOUR

AS SOON AS YOU CONTACT
YOUR PHOTOGRAPHER

BACK

If possible share your story as a couple. this could create a bond between you and your photogrpaher since the first approach. Which one it is really important to create it, believe me. You would thank me later!

GROUND

Share a bit of your story as a couple, hobbies, how you guys met. Where are you from and why are you guys deciding to tide the knot in that specific location

BACK

YEARS OF
EXPERIENCE

GROUND

This is really importante to know, we are talking about your memories, your legacy for future generations. It is importante to know this before we make a decision on booking someone with experience or not.

EXPERIENCE

You may ask for a portfolio so you can see their vision & style and if it is a good fit for you and your partner, and if you feel in tune with it.

GALLERIES

ASK FOR
COMPLETE GALLERIES

/ DELIVERY

I would encourage you to see a complete full of galleries of work, so you can see their style and approach on covering a wedding.
Do you see yourselves on their style of work?

TIMES

What about delivery times? This may vary on every photographer and it would depend on their type and style of work. Most select and edit their photo work in order to deliver the best of the wedding date cover.

BASED IN /

LOCAL OR DESTINATION
PHOTOGRAPHER

Is it a local photographer? Willing to travel?
This one it is important, We have to keep in mind, travel times,
such as travel expenses, in case it is not a local vendor.

FOR TRAVEL

Are these ones importante to you? Maybe your wedding venue,
it is in the middle of nowhere, So we are talking a remote location where there is not a lot
local vendors and you will have to flight the one you like.

Therefor it is a expense you may have to consider
