

Holiday Mini Sessions

I just love this time of year! There's no better time than to capture this season your family is in! Three unique settings to choose from and an unforgettable opportunity to create magical memories with Santa! You will laugh, smile, listen to holiday music, snack on fresh gingerbread and I will capture it all, preserving it for all the holidays and years to come.

All sessions include digital images and the opportunity to purchase prints, wall art, and holiday greeting cards through the online gallery.

Only select dates available to secure your spot today by clicking "book now" on your desired holiday experience.
