

The Whole Gospel *for the* Whole World

THE LAUNCH OF REVIVAL TODAY GLOBAL BROADCASTING

EUROPEAN MISSIONS

After ministering at the University of Massachusetts last month, this month finds me in another region desperately in need of a spiritual revival. It's amazing how Europe, the continent that established Christianity around the globe, has now largely turned her back on God & become a mission field itself!

I write this to you from the beautiful city of Amsterdam in the great country of Holland where I've just completed our first night of week-long Revival meetings. The altar was completely full of people receiving Jesus Christ, and many received The Baptism in The Holy Spirit. In another week I'll be in Switzerland, preaching an International Pastors & Leaders conference—a God-given opportunity to sow seed into many churches in several nations at once!

We strongly believe God will visit these nations in power once again. I'm astounded by the expanding footprint Christ has afforded us to touch these nations with The Gospel!

We opened our BRAND NEW BROADCAST STUDIO!

Our beautiful state-of-the-art Revival Today Global Broadcasting Studio is now completed & LIVE!
