About Ellevate Foundation

The Ellevate Foundation is a 501c3 nonprofit formed in 2023 for the purpose of elevating women by providing tools and resources to grow personally and professionally, and provide grants to attend professional development events.

Our annual **Women's Leadership Summit** is our flagship event where we gather each spring to share a special experience focused on leadership, empowerment and self-care. Proceeds help us fulfill our mission.

In 2019, we introduced the Women's Leadership Summit as a first-of-its-kind event, focused on gathering existing and aspiring women leaders in our industry to help develop, grow and encourage likeminded individuals as the industry shifts and expands. Our footprint has blossomed to include women from other professions as well. And, we are delighted to continue growing and expanding our impact!

According to a compilation of data curated by S&P Global Market Intelligence, only 23% of executives and officers at large insurance companies are women.

Yet, a study by McKinsey & Company revealed that women make up 67% of entry level staff. They go on to assert that creating sponsorship opportunities is one way to help women advance professionally. With women being 21% less likely to be promoted than men, there's a clear need for both informal and formal social networks for women.

Join us in helping to fill that void.

Our Goals

Our goal for 2024-2025 is to **raise enough money to not only fund our annual Women's Leadership Summit but to fulfill our mission by sending 2 women to a national professional development event.**

We have created something very special with the WLS platform that cultivates a community all your own. Our partnership packages for 2025 have been carefully designed to meet our monetary goals and fulfill our mission.

Let this be the year we band together, reach back a hand and pull other women up.

As you review the packages within, keep in mind that the investment amounts support the program's hard costs as well as fundraising efforts.

We look forward to partnering with you!

~The Ellevate Team

Our Partners

This is a unique opportunity to mindfully network and introduce your brand to other like-minded females, many of whom are small business owners or hold management, sales and C-Level positions at their companies. Our attendees influence a large number of consumers in the communities they serve. They are poised to be our next generation's mentors.

Join us in **Ellevating** our current and future leaders by investing in one of our curated packages or talking to us about a custom package that fits your brand and budget.

Our Attendees

Current and aspiring female leaders both within and outside the insurance industry find this a valuable program that fosters personal growth, leadership and self-awareness.

This is indeed a very special sisterhood, and the objective is that everyone returns home with a deeper sense of self, and tools to unleash their own unique magic.

Mars Squad

When we originally founded this platform, we decided to encourage our male counterparts to share their support of our purpose, to gather existing and aspiring women leaders in our industry to help develop, grow and encourage leadership as the industry shifts and expands. The Mars Squad is an annual membership that helps us promote female leadership in our industry through support of the Women's Leadership Summit (\$250 annual membership fee).

Venus Squad

Aside from our 6 liaisons from the Ellevate Foundation Board of Directors, there is a group of volunteers who allow us to stretch our efforts far and wide. Everything from onsite support to helping spread the word about our efforts. There is a volunteer application on our website to get involved.

Words of Wisdom (WoW)

These are the WLS short TED-style talks that our program features each year. We welcome a diverse and talented group of women to the stage on topics ranging from empowerment to leadership to self-care and purposeful living in a short, sweet & to the point format.

Ellevate Workshop

Each year, participants engage in an onsite activity that's designed to be taken home and continually revisited. In 2019, we all created a Vision Board. In 2022, we utilized an event workbook that included space for notes, reflections and action items. In 2024, speakers provided handouts and actionable items. Stay tuned for the enhanced 2025 curriculum.

Ellevate Marketplace

An interactive marketplace that will house the Mars Squad Wall, experience booths, shopping vendors, Ellevate's Pop-Up shop, a WiFi Lounge and the Welcome Reception. Attendees will have the opportunity to visit the Marketplace to take in the experience and network with friends and colleagues.

WE LOOK FORWARD TO MAKING AN IMPACT WITH YOU
