WEDDING PHOTOGRAPHY

Genuine, unforced memories frozen in their purest form

WEDDING VIDEOGRAPHY

Your story in motion — no need to be Leonardo DiCaprio

HOW I WORK

First a coffee — after that, I'll tell you everything.

PRICES

Coffee's on me — it's part of the deal.

WHO AM I

I'm Pieter — a passionate wedding photographer and videographer.

My approach is all about spontaneity: no forced poses, no awkward moments, just your day captured naturally, honestly, and completely as it unfolds.

Sometimes black, sometimes white, sometimes color — whatever tells your story best.

*I'm also a dad of two little ones —
which probably explains the eye bags.*

WEDDING PHOTO

A full-page background image showing a wedding couple walking down a wide set of stone steps. The groom is on the left, wearing a dark brown suit and holding the bride's hand. The bride is on the right, wearing a white wedding dress with a high slit and carrying a bouquet of flowers. They are walking towards the right. In the background is a large, classical-style building with tall columns and arched windows. The lighting is soft and warm, suggesting late afternoon or early morning. There are some lens flare effects in the bottom left corner.

I've captured many weddings over the years, always in the same relaxed, unposed, and spontaneous style.

I capture the real moments of the day — the laughter, the nerves, the tiny details you didn't even notice.

If you can find me for a moment.. That's the point, the focus is on you, I'll blend in the background

Your couple shoot can take 15 minutes or three hours — totally your choice.

Before the wedding, we meet or video call to go through all the details. Together we decide which moments matter most.

The goal is to help you shape your photography timeline beforehand, so you can enjoy your day carefree while I capture your most precious moments

WEDDING VIDEO

I've filmed many weddings, always in the same relaxed, unposed, and spontaneous way.

No acting, no pressure — just your day exactly as it felt.

And again: no need to be Leonardo DiCaprio.

Your video shoot can be simple and short or more extended — city vibes, nature scenes, or anything in between.

It's completely up to you.

Before the wedding, we meet or video call to go through all the details: which moments are essential, whether the full ceremony should be filmed, what you expect from the style of the video, and if you'd like interviews or personal messages included.

Together we shape a plan for the day so you can just enjoy everything while I capture your story naturally and beautifully.

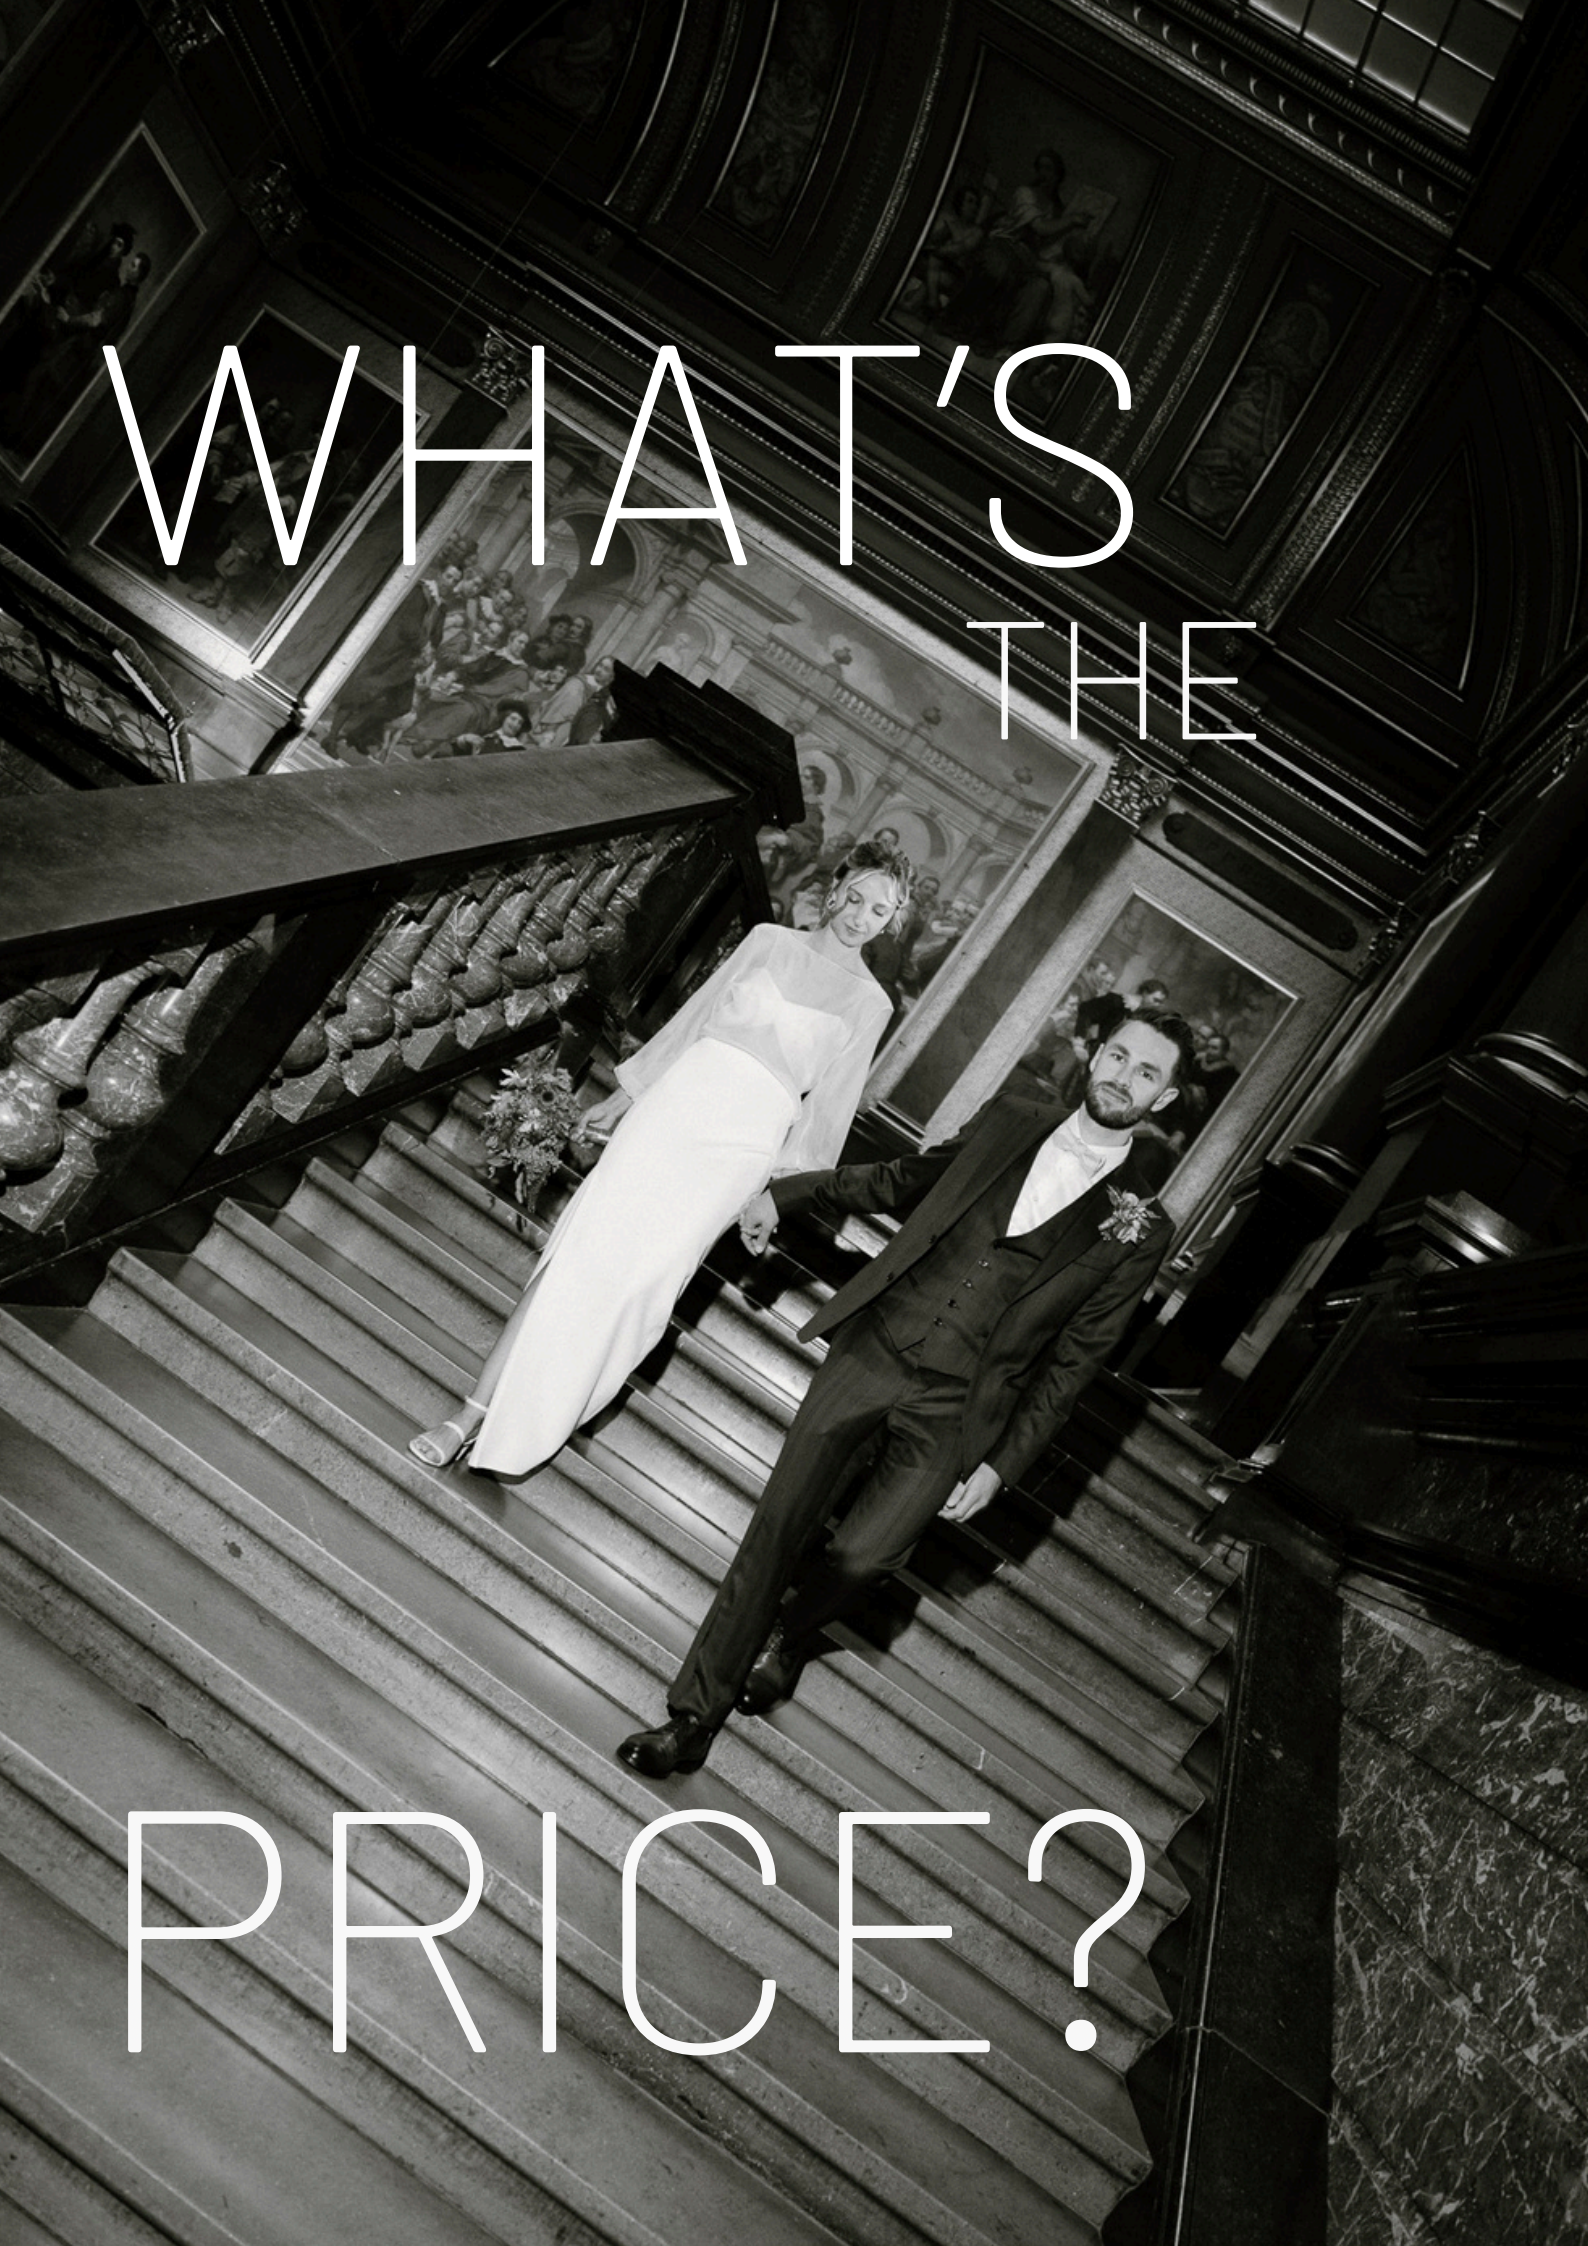

HOW I WORK?

FIRST, WE HAVE A MEETING OR VIDEO CALL TO SEE IF YOUR WISHES MATCH WHAT I CAN OFFER — IF OUR STYLES ALIGN, IF MY WAY OF WORKING FITS YOURS, AND IF IT FEELS RIGHT ON BOTH SIDES.

AFTER THAT, WE PLAN A SECOND CALL ONCE ALL THE WEDDING DETAILS ARE KNOWN. IN THAT CONVERSATION, WE CREATE A PHOTOGRAPHY OR VIDEOGRAPHY TIMELINE TOGETHER: WHAT MATTERS MOST, WHAT MATTERS LESS, AND HOW WE'LL APPROACH THE DAY.

I ALWAYS WORK IN A VERY SPONTANEOUS, RELAXED WAY — BUT I WANT TO KNOW YOUR WISHES CLEARLY SO THE DAY BECOMES EVERYTHING YOU HOPE FOR.

WITHIN 24 HOURS YOU RECEIVE YOUR FIRST PREVIEW.
AFTER 6 TO 8 WEEKS YOU RECEIVE THE FULL ALBUM.
YOU'LL GET EVERYTHING THROUGH AN ONLINE GALLERY THAT YOU CAN SHARE WITH FRIENDS AND FAMILY.
A SMALL PHOTO ALBUM WITH THE 30 BEST SHOTS OF THE DAY IS ALSO INCLUDED.
