FAT BABY PHOTOGRAPHY

Hello!

Hi, we are Jessica & Ana - We are storyteller's, moment catcher's, and we are proud to document your tiny humans moments that are built on love and happiness. Within our porfolio you will find a curated collection of our maternity, birth, newborn, baby portraiture and recently added family photography!

We want to give you honest, tender and pure photographs that share your truth. Images that not only reflect what you see, but more importantly, what you feel. We keep our work simple, classic and timeless for you to enjoy forever.

Jessica & Ana

"Sometimes you will never know the value of a moment until it becomes a memory."

WHAT TO EXPECT

before

Prepping for a session with us is simple. Paying your session fee will lock in your date and time with us. After that, we will send you a prep guide with tips and tricks for happy babies along with location and a style guide. Making sure your baby is fully fed and rested helps make the session go smooth. Don't stress if naps don't go as planned- Babies make the rules and we will make magic happen anyways!

Remember, we want to capture your family just as it is, so no need to stress.

during

Newborn sessions are the most posed sessions we offer, we will guide you and direct you on how to pose to make it look as natural as possible. We have many years of training to pose your baby with ease in the adorable images you see in our portfolio.

All baby portrait, cake smash and family sessions are baby-led. We listen to your baby and what cues he/she is giving to get the best images. We will guide you and prompt you for genuine reactions. We play a lot of games, tickle and laugh for a really fun time.

after

Approximately 3 weeks following your session, we will have your gallery ready for viewing. For newborn sessions & first time clients, Ana will meet with you in-person to discuss your gallery and show you what we offer as far as products & prints. Once you are familiar with our services, you can meet Ana in-person upon request for help ordering or you may do your ordering online via an online gallery.

Online galleries will be active for 3 weeks, after that all photographs will be archived. There is a \$50 reactivation fee to reload your images if you have failed to download and save images before the gallery expires during.

PREP TIPS & PLANNING

Pro tip #1. Fed the baby, fed the baby extra ha. Seriously though, even if naps get off schedule and things dont go as planned we find that as long as babies and kids arent hungry they still do great and think we are pretty funny at the session. Try to feed as close to arriving as possible or bring a snack and arrive a few minutes early!

Pro tip #2. Do not stress, babies and kids feed off your energy and it can make or break the session. Try to relax and let us handle all the chaos. It is what we do, every single day.

Pro Tip #3. If you are coming in for a session and your baby is under 18 months we have a full wardrobe for you to choose from! No need to stress about outfits. And we love bare baby feet so baby shoes aren't necessary.

the location

Our studio is located at 4428 Main St, Ste 100 Dallas TX 75226 in the store front location of The Dallas Family Co-Op. Once you enter the main lobby we are located immediately to the left.

NATURAL SPOTS: Most of our outdoor sessions take place in Dallas with a few of our favorite spots being at White Rock Lake, The Dallas Arboretum, & Davis Park in Highland Park.

URBAN SPOTS: Our favorite urban spots to hit are in Deep Ellum with lots of colorful walls, the robot wall in downtown and Winspear Opera House.

*if you have another location in mind, please feel free to ask. We do offer front porch sessions at your home as well.
