

# ENGAGING EDUCATOR COHORT

The Engaging Educator Cohort will grow teacher capacity through reflecting on current practice, refining their pedagogy, and supporting students in becoming agents of change in their community. Participants will take a deep dive into strategies for understanding and utilizing each student's unique abilities and growing opportunities for building global awareness aligned to learning outcomes. An Engaging Educator is committed to the ideals of Courageous Leadership, Empowerment, Student Agency, Inspiring Spaces, and an Engaged Community. This blended model allows teachers to collaborate with one another and take part in a network of educators making a difference in schools today.

## Learning Outcomes

- Utilize resources and strategies to enhance the student learning experience and grow global citizens
- Create a portfolio that showcases implementation of the Impactful Educator elements on student learning
- Grow your professional learning network with other impactful educators

	SYNCHRONOUS	ASYNCHRONOUS	ASYNCHRONOUS
