THE EXPERIENCE

At the heart of my work is the desire to capture your unique love story in the most stunning and natural way possible. With over 20 years of experience in the London fashion scene, I've honed a distinctive blend of photojournalism, seamless creativity, and a commitment to exceptional client experiences.

My background in Art Direction and Photography allows me to guide you with empathy into effortless poses, ensuring you feel at ease and joyful, while I document the beauty of your day as it naturally unfolds.

"From the start of the process to the end we were blown away with Teri's talent, kindness and professionalism. The quality of the service, advise, coverage and photos are outstanding. We would recommend Teri in a heartbeat. She was an absolute pleasure to work with."

“Oh my goodness Teri!! We can’t even begin to put into words how happy we are with these pictures. They’re everything we could have dreamt of & more” G&T xxx

THE PROCESS

Lets Chat...

Begin by filling out the form on my contact page & tell me a little about yourselves. From here I’ll be back in touch to arrange our first proposal meet up. This can be via zoom or maybe we could meet in person over a cuppa.

Lets make it official.....

After your proposal meeting I’ll be able to create a personal bespoke quote that fits you perfectly. Taking in to account your own idea’s & wishes as well as the items you’d like delivered in the end production.

Time line Consultation...

On booking we will schedule in our final meeting via zoom FOUR weeks before your wedding day.

This is where we go through the final timings of your day & collate all the relevant information about important groups & additional shots.

Pre Wedding Shoot...

Having a pre-wedding shoot session means you’ll be confident & experienced ahead of your wedding day. We’ll get to know each other well & practice a few poses. You’ll basically get comfortable being together in front of the camera plus the added bonus of having a beautiful set of images in your normal clothes. I’ll always arrive a day before the main event so we’ll have plenty of time for this even if it’s the night before.

THE WEDDING DAY!...

I begin 2-3 hours before your ceremony time & finish when I feel I have captured enough of the evening celebrations. I’ll stay later for additional firework moments & always love to finish the story of your day with an night time couples session.

Gallery delivery day...

You’ll receive approx. x20 sneak peeks in just a day or two after your wedding. Then you’ll receive your first 150 images, a mini story of your day, in an online gallery in approx. 3 weeks. After this you’ll receive your full edit in approx. 4-6 weeks. There’s no long wait times so you can share your beautiful images whilst the excitement is still strong.

PRE-WEDDING PHOTO SHOOT

Practice truly makes perfect! A pre-wedding shoot is your chance to gain confidence in front of the camera before your big day. It's not just about getting comfortable with being photographed; it's also a wonderful opportunity for us to connect and get to know each other better. We'll take a leisurely stroll, try out a few poses, and you'll discover how to feel natural and at ease with the camera. It's a simple and enjoyable experience. We can choose to do this at your wedding venue or explore a nearby village or scenic spot, offering a fresh backdrop different from your wedding day. Plus, you'll receive a stunning collection of images in something other than your wedding day clothes.

x1 hour shoot with online gallery & 50+ digital downloads

(included with the main destination wedding packages)

"Teri was absolutely perfect. She is kind, caring and pays excellent attention to detail. She knew what we wanted without us really explaining."
