FAQ & details

How do we book you two?!

First, we have a dance party. Then, we build your custom proposal for you two to review, sign, & submit your 40% non-refundable retainer. We'll countersign and send you a completed copy. Finally - return to the dance party & let's get to celebrating!

Do you offer payment plans?

We offer two different payment options, to meet every size, budget, and need: 40/60, & 40/20/20/20! Check out the next page to see payment plans explained!

What's included in our online gallery?

Your online gallery will include the entirety of your completed & edited images. You (& anyone you share the gallery with) will have access to download high & low resolution images for safe keeping, sharing on social media (low-res), and printing your memories (high-res)!

How many images should we expect in our gallery?

A good rule of thumb is to multiply 50 by the number of hours we shot! However, we never limit the maximum number of images in a gallery as everyone's days are so incredibly unique. An 8 hour wedding day will range from a minimum of 400 images to 2000+!

How long do we have to wait for our full gallery?

Turn around time ranges depending on whether or not you're waiting on wedding day or engagement session. Wedding & elopement galleries have a turn around time of 4-16 weeks; whereas portrait sessions are 2-4 weeks!

What does "case-by-case" basis mean in terms of travel?

Travel is included for all wedding days; however, if your engagement session requires travel outside of our 40 mile radius to Pingree Grove, IL, we like to handle that on a case by case basis. This means, if you would love to fly us to your family's ranch in Montana - we're so there! We would require flights, hotel stay (2 nights), and a rental vehicle (depending on if we are carpooling or not)! If you stick within our 40 mile radius for your engagement session (irregardless of your wedding day travel distance), there's no additional travel fees!

What's included in our complimentary engagement session?

Dance parties & celebrations as a team! We encourage our couples to slot in a minimum of an hour's time with us for these sessions. That way you two get an idea of how we work and we can fine-tune your session (& wedding day) based on what makes you comfortable in front of our cameras. Plus, this gives us the perfect opportunity to really get to know each other so wedding day will feel natural & comfortable. Engagement sessions are weekday sessions (M-Th) & we offer 1 free re-schedule just in case you need to shift dates. One photographer attends engagement sessions. And, similarly to your wedding gallery, you will also have an online digital gallery & print shop within 2-4 weeks from our session date to share, save, & swoon over!

Do you travel to Chicago, IL (within city limits)?

We love our city so so much & are absolutely there for wedding day! However, we do not travel to Chicago for portrait sessions.
