SIGNATURE TOPICS

Jackie's talks, workshops, and keynotes can all be tailored to the organizational needs. Suggested topics, are great for conferences, workshops, and events.

Democratic Leadership in Life and Business: Empowering Strategies for Executives, Entrepreneurs and Business Owners

We will explore the principles and practices of democratic leadership, a style of leadership that emphasizes collaboration, inclusivity, and empowerment. Drawing from the "Amiga Way" methodology, which focuses on fostering strong relationships and mutual respect, this workshop will provide practical insights and tools for bankers and business owners to enhance their leadership effectiveness.

Embracing Divine Feminine Leadership: Harnessing Power and Wisdom in Business

invites participants to explore the profound impact of embracing Divine Feminine Leadership in the realm of business. Grounded in the "Amiga Way" methodology, which emphasizes holistic approaches to leadership, this workshop offers practical techniques, archetypes, and energies to cultivate a more balanced and inclusive leadership style. Drawing upon ancient wisdom and modern insights, participants will engage in experiential exercises, discussions, and case studies to deepen their understanding of Divine Feminine Leadership. Through exploring various archetypes and energies, attendees will discover how to harness qualities such as intuition, empathy, collaboration, and nurturing to unlock their full leadership potential.

Building High-Performing Teams: Fostering Collaboration and Trust

As a leader, creating high-performing teams is essential for driving success in today's competitive business landscape. We will explore proven strategies for building and leading high-performing teams, rooted in the principles of the Amiga Way methodology. Drawing upon my expertise as an attorney, podcaster and bestselling author, we will delve into the importance of trust, communication, and collaboration in team dynamics. Through interactive exercises, case studies, and group discussions, participants will learn practical techniques to foster a culture of trust, accountability, and innovation within their teams. Whether you're leading a small startup or a large corporation, this workshop will provide actionable insights to help you build and lead high-performing teams that drive results.

Let's Work Together

Jackie's engagements are ideal for corporate events, including virtual, in-person, or hybrid keynotes for large audiences, workshops with breakout sessions, and fireside chat Q+As.

Furthermore, Jackie can incorporate personalized 1-on-1 sessions with employees, additional group office hours, or a series of workshops designed to meet specific organizational goals. Custom formats and topics can be arranged to align with your company's needs and objectives.

For corporate events with more than 50 attendees, discounted copies of Jackie's book can be purchased. Please note that additional shipping costs may apply for virtual events.

Speaker fee will depend on the event type/audience size and services requested. Typically packages for all day event and larger crowds + travel fee average at 20K.

If you and your audience are ready to break free, embrace change, and empower thought leadership, Jackie is the perfect speaker for your audience.

Testimonial

"This podcast is so uplifting, I was smiling throughout, comparing my own experiences with Jackie's, even laughing out loud at one point! I can hear Jackie's authentic review of her personal experiences. Not only did this podcast resonate with me, (a 47 year old woman) but I also feel that younger women, especially in their early twenties, should hear it and be inspired by her."
